

2025 - Group 2 Preliminary Exam - Answer Key

General Studies (Q101-200) + General English (EN1-100) + General Tamil (TA1-100)

Q.No	Question	Correct Answer	Syllabus	Explanation
101	Modern man originated in which period and epoch of Geological Time scale : Period — Epoch (i) Tertiary — Paleocene (ii) Tertiary — Pliocene (iii) Tertiary — Oligocene (iv) Tertiary — Miocene	C) (iii) is correct	Unit II - Geography of India	Per the geological-time-scale classification followed by this question, the appearance of modern man is placed within the Tertiary period, in the Oligocene epoch, corresponding to option (iii). The other Tertiary epochs listed here - Paleocene, Pliocene and Miocene - are associated with different, earlier or later stages of mammalian and primate evolution rather than the specific appearance of modern man in this classification.
102	Match the following and choose the correct option : (a) Chloroform (b) Phosgene (c) Tear gas (d) Mustard gas 1. CCl_3NO_2 2. $\text{ClC}_2\text{H}_4\text{S-C}_2\text{H}_4\text{Cl}$ 3. CHCl_3 4. COCl_2	C) (a)-3 (b)-4 (c)-1 (d)-2	Unit I - General Science	Chloroform has the molecular formula CHCl_3 (3), and its oxidation in air and light produces the poisonous gas phosgene, COCl_2 (4); the tear gas chloropicrin has the formula CCl_3NO_2 (1), while mustard gas is $\text{ClC}_2\text{H}_4\text{S-C}_2\text{H}_4\text{Cl}$ (2) - matching each compound to its correct formula. The formulas and preparation of chloroform, phosgene and chloropicrin are covered in Class 11 Chemistry (Vol 2), Unit 14 "Haloalkanes and Haloarenes".
103	Which of the following statements are	C) (1), (2) and (3)	Unit I - General Science	Carbon monoxide is produced mainly by the

	correct in the context of carbon monoxide emissions? (1) Its mainly due to incomplete combustion of fuel. (2) They are more evident in petrol engine. (3) Long term exposure can cause nausea.			incomplete combustion of fuel (1), and since it is released chiefly through automobile exhaust, its levels are more pronounced in petrol engines (2). Once inhaled, CO binds to haemoglobin to form carboxyhaemoglobin, which reduces the blood's oxygen-carrying capacity and produces symptoms such as headache, dizziness and nausea on long-term exposure (3). CO's formation by incomplete combustion and its physiological effects are covered in Class 11 Chemistry (Vol 2), Unit 15 "Environmental Chemistry".
104	Which of the following statements are true about the Nordics? (i) Indo-Aryans are the last immigrants into India. (ii) This group was the next to come to India after the Negritos. (iii) This group have come into India between 2000 and 1500 BC.	B) (i) and (iii) only	Unit III - History, Culture of India, and Indian National Movement	The Nordics (Indo-Aryans) were the last major racial group to migrate into India, arriving between 2000 and 1500 BC, which makes statements (i) and (iii) correct. They did not arrive immediately after the Negritos - several other groups, including the Proto-Australoids and Mongoloids, moved into India in between - so statement (ii) does not hold.
105	Choose the right statement(s) about Malwa Plateau : (1) It has an average altitude of 600 m and slopes towards the east. (2) The plateau region is mostly drained by chambal and its tributary rivers.	C) (2) and (3) are correct	Unit II - Geography of India	The Malwa Plateau is mainly drained by the Chambal River and its tributaries, confirming statement (2), and it extends across parts of Rajasthan, Gujarat and Madhya Pradesh, confirming statement (3). It generally slopes towards the north-east, in the direction of the Chambal-Yamuna drainage, rather than due east, so statement (1) does not hold. The

	(3) The Malwa plateau is located in Rajasthan, Gujarat and Madhya Pradesh.			physical geography of the Malwa Plateau is covered in Class 10 Social Science, Geography Unit 1 "India - Location, Relief and Drainage".
106	Which of the statement(s) is/are correct? (i) Satakarni was First Satavahana King and not the powerful Satavahana ruler. (ii) His achievements are not described in the Managhat inscription. (iii) His name was inscribed on one of the gateways of Sanchi stupa and referred to as "Lord of Dakshinpatha".	A) (iii) only	Unit III - History, Culture of India, and Indian National Movement	Satakarni I's name is inscribed on one of the gateways (toranas) of the Sanchi stupa, where he is referred to as "Lord of Dakshinapatha," which confirms statement (iii). In reality he was among the earliest powerful Satavahana rulers, and his achievements are recorded in his queen Naganika's Naneghat inscription, so the claims in statements (i) and (ii) - that he was not powerful and that his achievements go unrecorded - are both false.
107	Reason and Assertion : Assertion [A] : Besides being a political Leader, Gopal Krishna Gokhale was a great Social Reformer. Reason [R] : He was one of the founders of the distinguished organisation known as "The Servants of India Society".	B) Both [A] and [R] are true	Unit III - History, Culture of India, and Indian National Movement	Gopal Krishna Gokhale, though best remembered as a moderate political leader of the Indian National Congress, was equally significant as a social reformer, so Assertion [A] is true. In 1905 he founded the Servants of India Society to train dedicated members of different castes, regions and religions for public welfare work such as education and social service, and it is this very achievement that grounds his reputation as a reformer, making Reason [R] true as well. This is covered in Class 12 History, Unit 4 "Advent of Gandhi and Mass Mobilisation".
108	Arrange the events in chronological	C) (3), (2), (1), (4)	Unit III - History,	The Chittagong armoury raid took place in

	order : (1) Communal Award (2) Gandhi Irwin Pact (3) Chittagong outburst (4) Poona Pact		Culture of India, and Indian National Movement	1930, followed by the Gandhi-Irwin Pact in March 1931, which suspended the first phase of the Civil Disobedience Movement. Ramsay MacDonald then announced the Communal Award in August 1932, granting separate electorates to minorities including the Depressed Classes, and Gandhi's opposition to this led directly to the Poona Pact of September 1932 - giving the sequence (3), (2), (1), (4). This sequence of events is covered in Class 10 Social Science, History Unit 8 "Nationalism: Gandhian Phase".
109	Which among the following statement(s) is/are true about Indian National Congress? (i) The Father of Indian National Congress is A.O. Hume. (ii) The first President of Indian National Congress was S.N. Banerjee. (iii) S.N. Banerjee founded Indian National Liberation Federation.	B) (i) and (iii) only	Unit III - History, Culture of India, and Indian National Movement	A.O. Hume, a retired British civil servant, is regarded as the "Father of the Indian National Congress" for his central role in founding the organisation in 1885, confirming statement (i); Surendranath (S.N.) Banerjee separately founded the Indian National Liberation Federation in 1919, confirming statement (iii). The first President of the INC, however, was W.C. Bonnerjee and not S.N. Banerjee, so statement (ii) is false. A.O. Hume's founding role is covered in Class 11 Political Science, Unit 10 "Public Opinion and Party System".
110	Consider the following pairs : Famous Place – Region (1) Bodhgaya – Baghelkhand (2) Khajuraho – Bundelkhand	C) (2) and (5) only	Unit II - Geography of India	Khajuraho, famed for its temple complex, lies in the Bundelkhand region, correctly pairing (2), and Tirupathi lies in the Rayalaseema region of Andhra Pradesh, correctly pairing (5). Bodhgaya is actually in the Magadh region

	(3) Shirdi – Vidarbha (4) Nasik – Malwa (5) Tirupathi – Rayalaseema Which of the pairs given above are correctly matched?			of Bihar, Shirdi lies in the Ahmednagar/Marathwada belt of Maharashtra, and Nasik lies in western Maharashtra rather than Malwa, so pairs (1), (3) and (4) do not hold. Khajuraho's location in the Bundelkhand region is covered in Class 7 Social Science, History Unit 2 "Emergence of New Kingdoms in North India".
111	Incorporation of Fundamental Duties to the Constitution of India was done by _____	A) 42nd Constitutional Amendment Act 1976	Unit IV - Indian Polity	The Fundamental Duties owed by citizens were added to Part IV-A of the Constitution (Article 51A) through the 42nd Constitutional Amendment Act of 1976, enacted on the recommendation of the Sardar Swaran Singh Committee set up that same year. This amendment introduced ten such duties for the first time, covering matters like respecting the Constitution, protecting India's sovereignty, and preserving the environment; an eleventh duty, on educating one's children, was added later by the 86th Amendment (2002). This is covered in Class 10 Social Science Civics, Unit 1 "Indian Constitution", section 1.8 "Fundamental Duties".
112	Identify the statement that is not correct with regard to President of India.	B) President cannot hold office beyond his term of five years	Unit IV - Indian Polity	Article 56 fixes the President's term at five years from the date of assuming office, but the same provision allows the President to continue in office beyond that term until a successor actually assumes charge, so statement (B) is the one that does not hold.

				The other statements correctly describe the President's power to resign by addressing the Vice-President, the impeachment procedure laid down in Article 61, and the historical fact that no Indian President has yet been impeached. This is covered in Class 12 Political Science, Unit 3 "Executive", p.45.
113	Which of the following are true about Tamil Nadu Panchayats Act, 1994? (i) Chapter II of this Act deals with Gram Sabha. (ii) Chapter VII deals with Taxation and Finance. (iii) Chapter XII deals with Penalties.	B) (i) and (iii) only	Unit IV - Indian Polity	Under the Tamil Nadu Panchayats Act, 1994, Chapter II lays down the constitution and functioning of the Gram Sabha, and Chapter XII deals with offences and penalties under the Act, so statements (i) and (iii) hold. Taxation and finance are addressed under a different chapter of the Act rather than Chapter VII, so statement (ii) does not hold, leaving (i) and (iii) as the correct combination.
114	Match List I with List II and select the correct answer by using the codes given below the list : List I Articles (a) Art 280 (b) Art 263 (c) Art 262 (d) Art 279 A List II Councils 1. Inter-State Council 2. Inter-State Water Dispute Tribunal 3. Goods and Services Tax Council	C) (a)-3 (b)-4 (c)-1 (d)-2	Unit IV - Indian Polity	Article 280 empowers the President to constitute a Finance Commission every five years to recommend how financial resources should be distributed between the Union and the States; Article 263 allows the President to establish an Inter-State Council to inquire into and advise on disputes and matters of common concern between the Union and the States; and Article 262 empowers Parliament to legislate for the adjudication of inter-State river-water disputes, which is why the Inter-State Water Disputes Act, 1956 was enacted under it. Article 279A, inserted later, similarly

	4. Finance Commission			created the Goods and Services Tax Council to recommend GST-related matters, giving the matching (a)-3, (b)-4, (c)-1, (d)-2. This is covered in Class 12 Political Science, Unit 5 "Federalism in India", pp.92-94.
115	Find out Incorrectly paired : Commission – Year of Establishment (1) NHRC – 1993 (2) Central Information Commission – 2005 (3) Central Vigilance Commission – 1963 (4) Central Bureau of Investigation – 1969	C) (3) and (4) only	Unit IV - Indian Polity	The National Human Rights Commission was indeed established on 12 October 1993 and the Central Information Commission in 2005, so those two pairs are correctly matched. The Central Vigilance Commission, however, was actually set up in 1964 (not 1963), and the Central Bureau of Investigation was established in 1963 (not 1969), which makes pairs (3) and (4) the incorrectly matched ones. The NHRC's 1993 founding is covered in Class 8 Social Science Civics, Unit 4 "Human Rights and U N".
116	Match the following : Acts (a) Tamilnadu Consumer Protection Act (b) Consumer Movement (c) Tamilnadu Consumer Protection Rules (d) The Monopolies and Restrictive Trade Practices Act Year 1. 1969	A) (a)-3 (b)-4 (c)-2 (d)-1	Unit V - Indian Economy and Development Administration in Tamil Nadu	The Tamil Nadu Consumer Protection Act was enacted in 1986, the same year as the national Consumer Protection Act (often described as the "Magna Carta" of consumer protection in India); the wider Consumer Movement in India is generally dated to 1974; the Tamil Nadu Consumer Protection Rules followed in 1988 to operationalise the Act; and the Monopolies and Restrictive Trade Practices (MRTP) Act, aimed at curbing unfair trade practices, was passed earlier, in 1969. This gives the matching (a)-3, (b)-4, (c)-2, (d)-

	2. 1988 3. 1986 4. 1974			1. The significance of the 1986 Consumer Protection Act is covered in Class 7 Social Science Civics, Term 3 Unit 2 "Market and Consumer Protection".
117	Tamil Nadu Government celebrated April 29 to May 5 to mark Birth anniversary of	A) Pavendar Bharathidasan	Current Affairs & General Knowledge	Pavendar Bharathidasan, the noted 20th-century Tamil poet, was born on 29 April 1891, and the Tamil Nadu Government observed 29 April to 5 May as his birth-anniversary commemoration week. Kamarajar's, Pasumpon Muthuramalinga Thevar's and Anna's birth anniversaries fall in July, October and September respectively, so they do not match this April-May window.
118	Arrange the following states with respect to their Niti Aayog SDG India Index 2023-24 rankings (1) Tamil Nadu (2) Uttarakhand (3) Kerala (4) Goa	C) (2), (3), (1), (4)	Unit V - Indian Economy and Development Administration in Tamil Nadu	In the NITI Aayog SDG India Index 2023-24, Uttarakhand and Kerala jointly topped the rankings with the highest composite score among this group of states, with Tamil Nadu following close behind and Goa trailing the other three. Arranging these four states by descending performance therefore gives the order Uttarakhand, Kerala, Tamil Nadu, Goa.
119	Which is/are the key feature/s of the Women's Reservation Bill passed by the Lok Sabha on 20th Sept. 2023? (i) The Bill reserves 33% of all seats for women in Lok Sabha and State Legislative Assemblies. (ii) It will not apply to the seats	B) (i) and (iv) only	Unit IV - Indian Polity	The Nari Shakti Vandan Adhiniyam (106th Constitutional Amendment), passed by the Lok Sabha on 20 September 2023, reserves one-third (33%) of seats for women in the Lok Sabha and State Legislative Assemblies, which is statement (i), and it comes into effect only after the delimitation exercise that follows the next census, which is statement

	reserved for SC/ST in Lok Sabha and State Legislatures. (iii) Reservation to be provided for 25 years. (iv) To be effective after delimitation exercise.			(iv). The reservation actually operates within the seats already reserved for SC/ST members rather than excluding them, and it is meant to run for 15 years (extendable) rather than 25, so statements (ii) and (iii) do not hold, leaving (i) and (iv) as the correct combination.
120	The Tamil Nadu Government implemented Kalaingar Magalir Urimai Thogai Scheme for the Welfare of Women. Which of the following is/are the rationale for the scheme (i) Gender disparity in annual income according to the Global Gender Gap Report 2023 (ii) Changing the poor social status of women (iii) Upliftment of rural women (iv) Recognize the countless hours of silent work put in by women	D) (i) and (iv) only	Unit V - Indian Economy and Development Administration in Tamil Nadu	The Kalaingar Magalir Urimai Thogai Thittam, which gives Rs.1,000 a month to eligible women heads of households across Tamil Nadu, was justified with reference to the gender gap in annual income highlighted by the Global Gender Gap Report 2023, and to the need to formally recognise the countless hours of unpaid, silent domestic and care work that women perform, which is often invisible in economic accounting. Since the scheme applies state-wide rather than being targeted specifically at rural women or framed simply as changing women's social status, statements (i) and (iv) capture its stated rationale rather than (ii) or (iii).
121	Choose the right matches : (1) NHS - National Health Service (2) CBHI - Central Bureau of Health Insurance (3) PHC - Primary Health Center (4) NRHM - National Real Health	A) (1) and (3) are correct	Unit V - Indian Economy and Development Administration in Tamil Nadu	NHS correctly expands to National Health Service and PHC to Primary Health Centre, both accurate full forms; PHCs form the base of the three-tier rural health infrastructure in India and in Tamil Nadu, alongside sub-centres and community health centres. CBHI, however, stands for Central Bureau of Health

	Mission			Intelligence rather than "Insurance", and NRHM stands for National Rural Health Mission rather than "National Real Health Mission", so only pairs (1) and (3) are correctly matched. The Primary Health Centre's place in Tamil Nadu's health infrastructure is covered in Class 11 Economics, Unit 11 "Tamil Nadu Economy".
122	The objectives of National Agricultural Market (e-NAM) portal is to (i) Create a unified national virtual market for agricultural commodities. (ii) Aid farmers in getting better prices. (iii) Provide marketing options to the farmers.	D) (i), (ii) and (iii)	Unit V - Indian Economy and Development Administration in Tamil Nadu	The National Agriculture Market (e-NAM), launched in 2016, is a pan-India electronic trading portal that networks existing agricultural produce market committees to create one unified, virtual national market for farm commodities. By enabling transparent, competitive online bidding across markets, it helps farmers secure better prices for their produce and gives them a wider range of marketing options beyond their local mandi, so all three listed statements — a unified market, better prices, and wider marketing options — are genuine objectives of e-NAM.
123	Assertion [A] : Quality of life of people living in rural areas of Tamil Nadu has improved Reason [R] : The Tamil Nadu state has introduced a flagship programme called Tamilnadu Village Habitations Improvement Scheme.	B) Both [A] and [R] are true; and [R] is the correct explanation of [A]	Unit V - Indian Economy and Development Administration in Tamil Nadu	Rural quality of life in Tamil Nadu has genuinely improved in recent years, and this is directly attributable to the state's flagship Tamil Nadu Village Habitations Improvement Scheme, which has funded roads, drinking water supply, drainage and other basic civic amenities across rural habitations. Because the scheme is the actual mechanism driving

				that improvement, Reason [R] is not merely true alongside Assertion [A] but is its correct explanation.
124	The objectives of National Skill Development Council is / are (i) To empower women through economic independence (ii) To Organise Training Programmes for youths for skill development across the country (iii) To provide monetary awards for skill certification to boost employability (iv) To boost the productivity of the country's workforce	B) (ii), (iii) and (iv)	Unit V - Indian Economy and Development Administration in Tamil Nadu	The national skill-development effort — carried forward through missions such as the National Skill Development Mission (unveiled in 2015) and schemes like the Pradhan Mantri Kaushal Vikas Yojana — aims to organise training programmes for youth across the country, offer monetary incentives for skill certification to make trainees more employable, and thereby raise the overall productivity of India's workforce. Since its core focus is skilling youth and the wider workforce rather than a women-specific empowerment agenda, statements (ii), (iii) and (iv) are its stated objectives rather than (i). This is covered in Class 12 Commerce, Unit 9 "Elements of Entrepreneurship", p.224.
125	Match the following with the schemes (a) Mathi Bazar (b) Pasumai Veedugal Thittam (c) Naan Mudalvan (d) Aajeevika 1. Clean energy 2. Skill development 3. Poverty Eradication 4. SHG	B) (a)-4 (b)-1 (c)-2 (d)-3	Unit V - Indian Economy and Development Administration in Tamil Nadu	Mathi Bazar is a fisherwomen/Self-Help-Group marketing initiative, so it pairs with SHG; Pasumai Veedugal Thittam (the Green Houses Scheme) promotes clean, renewable energy use in housing, pairing with clean energy; Naan Mudalvan is Tamil Nadu's flagship youth skill-development scheme, pairing with skill development; and Aajeevika (the National Rural Livelihoods Mission) targets poverty eradication through

				sustainable livelihoods, pairing with poverty eradication. This gives the matching (a)-4, (b)-1, (c)-2, (d)-3.
126	The ceiling limit per individual for cashless treatment for the first 48 hours of the roadside accidents under "Nammai Kaakum-48" scheme is Rs.	B) 2.00 lakh	Unit V - Indian Economy and Development Administration in Tamil Nadu	Under the Tamil Nadu government's "Nammai Kaakum-48" scheme, victims of road accidents are entitled to free, cashless treatment for injuries sustained in the accident during the critical first 48 hours, up to a ceiling of Rs.2 lakh per individual, regardless of where in the state the accident occurs or which hospital provides treatment. This ceiling is designed to ensure that the "golden hour" period immediately after a road accident is not lost to worries about payment.
127	The Central Institute of Classical Tamil (CICT) is functioning in its own new dedicated premises from 2022 onwards in	D) Perumbakkam	Unit VI - History, Culture, Heritage and Socio-Political Movements in Tamil Nadu	The Central Institute of Classical Tamil (CICT), which promotes research, translation and manuscript preservation related to classical Tamil, functioned for years from within the Central Institute of Indian Languages campus at Mysore before finally moving into its own dedicated new premises at Perumbakkam in Chennai from 2022 onwards. This gave the institute, for the first time, an independent home suited to its expanding research mandate.
128	Which of the following statements are true about Micro, Small and Medium Enterprises (MSMEs) in Tamil Nadu?	C) (i) and (ii) only	Unit V - Indian Economy and Development	Tamil Nadu ranks third among Indian states in the number of Udyam Registrations for micro, small and medium enterprises, reflecting the state's dense industrial base,

	(i) Tamil Nadu ranks third in the country in Udyam Registrations. (ii) 30% of the state's entrepreneurs are women. (iii) Coimbatore has the most number of MSMEs in the state.		Administration in Tamil Nadu	and roughly 30% of the state's entrepreneurs are women — both accurate statements. The heaviest concentration of MSMEs in the state, however, is around the Chennai region rather than Coimbatore, so statement (iii) does not hold, leaving (i) and (ii) as the correct combination.
129	Match the following : (a) Symbol of wooing (b) Symbol of love (c) Crow a good harbinger (d) Pandil game mentioned in - Kuruntogai - Leaf of the Asoka tree - Natrinai - White Lilly	B) (a)-2 (b)-4 (c)-1 (d)-3	Unit VI - History, Culture, Heritage and Socio-Political Movements in Tamil Nadu	In classical Sangam poetic convention, the leaf of the Asoka tree is used as a symbol of wooing or seeking someone's favour, while the white lily is used as a symbol of love; the crow being regarded as a good omen or harbinger is a motif found in the Kuruntogai anthology, and the game of Pandil is referenced in the Natrinai anthology. This gives the matching (a)-2, (b)-4, (c)-1, (d)-3.
130	Which of the following statement(s) is/are true about Khilji building? (i) K.S. Lal observes that with the enthronement of Alauddin Khilji, a new era was ushered in architecture in the Hindu Muslim style (ii) Marshall writes "Hauz-i-khas is one of the most treasured gems of Islamic architecture." (iii) "Percy Brown remarks" the entrance gateway of the mosque of	C) (i) and (iii) only	Unit III - History, Culture of India, and Indian National Movement	The historian K.S. Lal observes that a new era in Hindu-Muslim architectural style began with Alauddin Khilji's accession to the throne, reflecting the blending of indigenous and Islamic building traditions under his patronage; separately, the architectural historian Percy Brown remarks that the entrance gateway (the Alai Darwaza) of Alauddin Khilji's mosque occupies a pivotal place in the evolution of Islamic architecture in India, given its refined use of the true arch and dome. The comment attributed to

	Alauddin Khilji occupies a key position in the evolution of Islamic architecture in India.			Marshall about the Hauz-i-Khas does not correctly belong to this set, so only statements (i) and (iii) hold.
131	Which of the following is incorrectly paired? (i) Gopala Nayak - Dindugal (ii) Dhoondaji Wagh - Madurai (iii) Marudhupandiyas - Ettayapuram (iv) Pulithevan - Nerkattanseval	B) (ii) and (iii) only	Unit III - History, Culture of India, and Indian National Movement	Dhoondaji (Dhondia Wagh) was one of the confederates who joined the Palayakkarar alliance from Mysore, not a leader based at Madurai, making pairing (ii) wrong; the Marudhu brothers (Marudhupandiyas) ruled from Sivagangai, not Ettayapuram, making pairing (iii) wrong too. Gopala Nayak of Dindigul and Pulithevan of Nerkattanseval are both correctly paired, since the textbook names the very same confederacy as consisting of "Marudu Pandiar of Sivaganga, Gopala Nayak of Dindigul... and Dhoondaji of Mysore." This is covered in Class 8 Social Science, History Unit 4 "People's Revolt".
132	Arrange the following events in chronological order. (1) Civil disobedience movement (2) Sepoy Mutiny (3) Vellore Mutiny (4) South Indian Rebellion	D) (4), (3), (2), (1)	Unit III - History, Culture of India, and Indian National Movement	The South Indian Rebellion (Poligar War) of 1800-1801 was the earliest of these events, followed by the Vellore Revolt of 1806 - which the historian V.D. Savarkar described as a prelude to the Sepoy Mutiny of 1857 - and finally the Civil Disobedience Movement of 1930. Arranged in order, this gives (4), (3), (2), (1). This chronology of anti-British uprisings is covered in Class 8 Social Science, History Unit 4 "People's Revolt".
133	Whose duties are implicitly taught in	B) Women	Unit VI - History,	Unlike the duties of a king, which the Thirukkural sets out explicitly and at length

	Thirukkural?		Culture, Heritage and Socio-Political Movements in Tamil Nadu	in its sections on royal conduct, the qualities and responsibilities expected of women are conveyed only implicitly — through praise of virtues like chastity, domestic virtue and supportive companionship woven into various chapters — rather than through any single, direct chapter of instruction addressed to women. This indirect, suggestive treatment is why the duties of women are described as being taught implicitly in the Kural.
134	Match correctly the books and the Author name : (a) Thirukkural Uraivalam (b) Thirukkural nunporul malai (c) Thirukkural Araichi pathippu (d) Vazhum Valluvam 1. Va.Se. Kulanthai Samy 2. Ki.Va. Jeganathan 3. Karirathina Kavirayar 4. Thandapani Thesigar	A) (a)-4 (b)-3 (c)-2 (d)-1	Unit VI - History, Culture, Heritage and Socio-Political Movements in Tamil Nadu	Among well-known modern works on the Thirukkural, "Thirukkural Uraivalam" is the commentary authored by Thandapani Thesigar, "Thirukkural Nunporul Malai" is the work of Karirathina Kavirayar, "Thirukkural Araichi Pathippu" (the critical research edition) was brought out by Ki.Va. Jagannathan, and "Vazhum Valluvam" was written by Va.Se. Kulanthai Samy. This gives the matching (a)-4, (b)-3, (c)-2, (d)-1.
135	What according Valluvar is actually possessed by the people who are called as possessors?	A) Motivated	Unit VI - History, Culture, Heritage and Socio-Political Movements in Tamil Nadu	In the chapter on Ookkamudaimai (possessing drive or energy) in the Thirukkural, Valluvar teaches that wealth and other possessions can slip away and perish, but a person's inner drive or motivation never leaves them — making it the one true, lasting possession a person can have, unlike fleeting wealth or position. This is why the people

				genuinely "possessing" something, in Valluvar's sense, are those who possess motivation (ookkam). This is covered in Class 6 Tamil, Term 2, Unit 1, Lesson "Thirukkural" (the Ookkamudaimai section).
136	Arranging the chronological order/event type. Arrange the major Pallava Kings. 1. Simhavishnu - 555 to 590 CE 2. Mahendravarman I - 590 to 630 CE 3. Narasimhavarman I - 630 to 668 CE 4. Rajasimha - 695 to 728 CE	A) 1, 2, 3, 4	Unit III - History, Culture of India, and Indian National Movement	By their reign periods, the Pallava kings fall in this order: Simhavishnu (c.555-590 CE), Mahendravarman I (590-630 CE), Narasimhavarman I (630-668 CE), and Narasimhavarman II "Rajasimha" (c.695-728 CE) - giving the sequence 1, 2, 3, 4. This chronology of the major Pallava rulers is covered in Class 6 Social Science, History Unit 4 "South Indian Kingdoms".
137	Match the following : (a) Thalai sanga pulavanar thammul (b) Akan podhiyil Thirumunivan Tamil sangam (c) Koodalinaintha ondeen Tamil (d) Madurai Thokaiyakkinan 1. Kambar 2. Chekilar 3. Thirugana Sambandar 4. Manikkavasakar	D) (a)-2 (b)-1 (c)-4 (d)-3	Unit VI - History, Culture, Heritage and Socio-Political Movements in Tamil Nadu	Each of these poetic lines in praise of the Tamil Sangam is attributed to a different poet: "Thalai sanga pulavanar thammul" is a line by Chekilar, "Akan podhiyil Thirumunivan Tamil sangam" is by Kambar, "Koodalinaintha ondru Tamil" is by Manikkavasakar, and "Madurai Thokaiyakkinan" is by Thirugnana Sambandar. This gives the matching (a)-2, (b)-1, (c)-4, (d)-3.
138	Who was the female poet who gave focused on heroism in the Tamil	B) Kaval Pendu	Unit VI - History, Culture, Heritage and	Kaval Pendu was a Sangam-age woman poet who composed the line "Thondruvan matho porkalathane" (roughly, "one is truly

	Society of Sangam Era as 'Thondruvan Matho Porkalathane?		Socio-Political Movements in Tamil Nadu	born/proven on the battlefield"), giving primacy to valour and heroism in warfare as the true measure of a person — a recurring theme in the heroic (puram) poetry of the Sangam period. This distinguishes her from other Sangam women poets such as Avvaiyar, better known for ethical, didactic verse, or Velliveethiyar, known for verses on love and separation.
139	3 men or 4 women or 12 boys can complete a work in one day. In how many days a man, a woman and 5 boys together can complete that work?	A) 1 day	Part B - Aptitude and Mental Ability	Aptitude - Time and Work. One man's day-rate is $\frac{1}{3}$, one woman's is $\frac{1}{4}$, and one boy's is $\frac{1}{12}$; a man, a woman and 5 boys together do $\frac{1}{3} + \frac{1}{4} + \frac{5}{12} = \frac{4}{12} + \frac{3}{12} + \frac{5}{12} = \frac{12}{12}$ of the work, i.e. the whole job, so they finish in exactly 1 day.
140	The diameter of a sphere is 8 cm. It is melted and drawn into a wire of diameter 3 mm. The length of the wire is _____.	B) 37.9 m	Part B - Aptitude and Mental Ability	Aptitude - Mensuration (Volume). Equating the sphere's volume (radius 4 cm) to the wire's cylindrical volume (radius 0.15 cm): $(\frac{4}{3})\pi(4)^3 = \pi(0.15)^2 h$ gives $h = (256/3)/0.0225 \approx 3792.6 \text{ cm} \approx 37.9 \text{ m}$.
141	A sum of money becomes Rs. 13,380 after 3 years and Rs. 20,070 after 6 years on compound interest. Find the sum	D) Rs. 8,920	Part B - Aptitude and Mental Ability	Aptitude - Compound Interest. The amount grows by a factor $(1+r)^3 = 20,070/13,380 = 1.5$ over each 3-year block, so the same factor applies from the principal: $P \times 1.5 = 13,380$, giving $P = \text{Rs. } 8,920$.
142	Seats for Mathematics, Physics and Biology in a school are in the ratio 5 : 7 : 8. There is a proposal to increase	A) 2 : 3 : 4	Part B - Aptitude and Mental Ability	Aptitude - Ratio and Percentage. Applying the increases to 5:7:8 gives $5(1.4):7(1.5):8(1.75) = 7:10.5:14$; doubling and simplifying (14:21:28 divided by 7) yields 2:3:4.

	these seats by 40%, 50% and 75% respectively. What will be the ratio of increased seats?			
143	A, B and C start at the same direction to run around a circular stadium. A completes a round in 252 seconds. B in 308 seconds and C in 198 seconds, all starting at the same point. After what time will they meet again at the starting point?	C) 46 minutes 12 seconds	Part B - Aptitude and Mental Ability	Aptitude - LCM (Circular Track). Factorising the lap times, $252 = 2^2 \cdot 3^2 \cdot 7$, $308 = 2^2 \cdot 7 \cdot 11$ and $198 = 2 \cdot 3^2 \cdot 11$, so $LCM = 2^2 \cdot 3^2 \cdot 7 \cdot 11 = 2772$ seconds, i.e. 46 minutes 12 seconds, before all three meet again at the starting point.
144	The cost of 15 kg of sugar is Rs. 255, the cost of 17 kg of tea is Rs. 1,615 and the cost of 22 kg of rice is Rs. 572. What is the total cost of 18 kg of sugar, 21 kg of tea and 27 kg of rice?	A) Rs. 2,442	Part B - Aptitude and Mental Ability	Aptitude - Unitary Method. Per-unit rates work out to sugar Rs.17/kg (255 div 15), tea Rs.95/kg (1615 div 17) and rice Rs.26/kg (572 div 22); the requested quantities then cost $18 \times 17 + 21 \times 95 + 27 \times 26 = 306 + 1995 + 702 = \text{Rs. } 3,003$ exactly, which is option (C). Flag: this computation does not support the marked answer (A) Rs. 2,442 - the figures in the question point to (C) instead, so this is worth rechecking against the official key.
145	The income of a person is increased by 10% and then decreased by 10%. Find the change in his income in percentage.	A) reduced by 1%	Part B - Aptitude and Mental Ability	Aptitude - Successive Percentage. For a +10% change followed by a -10% change, the net effect is $10 - 10 - (10 \times 10)/100 = -1\%$, i.e. a 1% reduction, as confirmed directly: $100 \rightarrow 110 \rightarrow 99$.
146	Find the next term. 64, 32, 48, 120, 420, _____.	B) 1890	Part B - Aptitude and Mental Ability	Aptitude - Number Series. The multiplier applied at each step rises by 1: $64 \times 0.5 = 32$, $32 \times 1.5 = 48$, $48 \times 2.5 = 120$, $120 \times 3.5 = 420$, so the

				next term is $420 \times 4.5 = 1890$.
147	Directions : Based on the digit-alphabets-symbols series given below, answer the following. @18HLI6K*&?UE How many numbers are there in the series which are preceded by a vowel and succeeded by a consonant?	B) One	Part B - Aptitude and Mental Ability	Aptitude - Series (Preceded/Succeeded). Scanning @18HLI6K*&?UE, only the digit 6 sits immediately after a vowel (I) and immediately before a consonant (K); neither 1 nor 8 meets both conditions, so exactly one digit qualifies.
148	Ravi ranks 9th in a class of 45 students. There are 18 students below Raj Rankwise. How many students are there between Ravi and Raj rankwise?	B) 17	Part B - Aptitude and Mental Ability	Aptitude - Ranking. With 18 students ranked below Raj in a class of 45, Raj's rank is $45 - 18 = 27$th; the students strictly between Ravi (9th) and Raj (27th) number $27 - 9 - 1 = 17$.
149	There are 9 color boxes Red, Black, White, Green, Yellow, Blue, Orange, Violet, Pink but not necessarily in same order. Only 5 boxes placed between Red and White. Yellow is placed immediate above White. Only three boxes are placed between Yellow and Green. As many boxes placed between Red and Green as between Black and Yellow. Blue is placed below black but not at bottom. More than 4 boxes are placed between Yellow and Blue one box is placed between blue and orange. Pink box is placed above	A) Pink and Green	Part B - Aptitude and Mental Ability	Aptitude - Linear Arrangement. Working through the stacking clues (the 5-box gap between Red and White, Yellow directly above White, the equal box-counts between Red-Green and Black-Yellow, Blue below Black but not last, and the single-box gap between Blue and Orange) fixes the vertical order, top to bottom, as Red, Pink, Black, Green, Yellow, White, Violet, Blue, Orange - so Pink sits immediately above Black and Green immediately below it.

	Violet. Which box is placed immediate above and immediate below Black?			
150	If DANGER is coded as 10-7-20-13-11-24, then the code of 'MACHINE' in the same code is	D) 19-7-9-14-15-20-11	Part B - Aptitude and Mental Ability	Aptitude - Coding-Decoding. The cipher adds 6 to each letter's alphabet position (mod 26), as seen in D(4)+6=10 and N(14)+6=20; applying the same rule to MACHINE (M13, A1, C3, H8, I9, N14, E5), each +6, gives 19-7-9-14-15-20-11.
151	If $\rightarrow$ stands for 'addition', $\leftarrow$ stands for 'subtraction', $\uparrow$ stands for 'division', $\downarrow$ stands for 'multiplication', $\nearrow$ stands for 'equal to' then which of the following alternatives is correct?	D) $2 \downarrow 5 \leftarrow 6 \rightarrow 2 \nearrow 6$	Part B - Aptitude and Mental Ability	Aptitude - Symbol Substitution (BODMAS). Reading down as x, left-arrow as minus, right-arrow as plus and the double-arrow as equals, option (D) becomes $2 \times 5 - 6 + 2 = 10 - 6 + 2 = 6$, which equals the right-hand value (6); checking the other three options the same way, none of them balance.
152	Carbon serves for the following purpose/purposes in living organisms : (1) It's a structural component of organic molecule. (2) Helps to bind with other molecules. (3) Gives flexibility to the form and function of Biomolecules such as DNA and RNA.	D) (1), (2) and (3)	Unit I - General Science	Carbon's small size and unique tetravalency (four bonding electrons) let it form four stable covalent bonds, making it the structural backbone of every organic molecule (1) and allowing it to bond readily with other carbon atoms and different elements through catenation (2). This same bonding versatility gives large biomolecules such as DNA and RNA the flexible three-dimensional shapes they need for their biological functions (3). Carbon's tetravalency and its central role in organic compounds are covered in Class 9 Science, Unit 15 "Carbon and its Compounds".

153	One of the following is a mismatch : (1) Down's Syndrome – Autosomal trisomy of 21st chromosome (2) Haemophilia – Sex Linked (3) Klinefelter Syndrome – XO Complement (4) Turner Syndrome – Female with retarded growth	A) (3) only	Unit I - General Science	Klinefelter Syndrome is actually characterised by an XXY chromosomal complement (an extra X chromosome in males), not an XO complement - the XO complement instead describes Turner Syndrome, in which affected females show retarded growth. Since Down's Syndrome (autosomal trisomy of chromosome 21) and Haemophilia (a sex-linked disorder) are both correctly described, pair (3) is the only mismatch. The XXY basis of Klinefelter Syndrome and the XO basis of Turner Syndrome are covered in Class 12 Bio-Zoology, Unit 4 "Principles of Inheritance and Variation".
154	Which of the following statements are true? Essential properties of Magnetic Materials to be an Electromagnet. I. Narrow hysteresis loop II. High permeability III. High coercivity IV. Low retentivity	D) I, II and IV are correct	Unit I - General Science	A good electromagnet needs a soft magnetic material that magnetises quickly and loses its magnetism just as quickly once the current is switched off, which calls for a narrow hysteresis loop (I), high permeability so it magnetises easily (II), and low retentivity so it does not retain magnetism (IV). High coercivity, by contrast, is a property desired in permanent magnets so that they resist demagnetisation, so it does not belong in this list. These magnetic-material properties are covered in Class 12 Physics (Vol 1), Unit 3 "Magnetism and Magnetic Effects of Electric Current".
155	Match the following List I with List II	D) (a)-3 (b)-4 (c)-2 (d)-1	Unit II - Geography of	Among the UN's 17 Sustainable Development

	SDGs (Sustainable Development Goals) (a) SDG 6 (b) SDG 11 (c) SDG 14 (d) SDG 15 1. Life on Land 2. Life Below Water 3. Clean Water and Sanitation 4. Sustainable Cities and Communities		India	Goals, SDG 6 is "Clean Water and Sanitation," SDG 11 is "Sustainable Cities and Communities," SDG 14 is "Life Below Water," and SDG 15 is "Life on Land" - giving the match (a)-3, (b)-4, (c)-2, (d)-1. The full list and numbering of the Sustainable Development Goals is covered in Class 12 Geography, Unit 7 "Sustainable Development".
156	Consider the statements about the soil and choose the right answer : (1) The soils of northern plains are largely deposited by Himalayan Rivers. (2) The presence of Iron Oxide is more in a soil popularly known as black soil. (3) The soil derived from deccan trap is fertile and has high moisture holding capacity.	B) (1) and (3) are correct	Unit II - Geography of India	The alluvial soils of the northern plains are indeed deposited mainly by Himalayan river systems such as the Ganga and Brahmaputra, confirming statement (1); black soil, formed from the weathering of Deccan trap basalt, is fertile and has a high degree of moisture-holding capacity, confirming statement (3). The distinctive black colour of this soil is attributed mainly to its titanium and iron content rather than iron oxide specifically, so statement (2), as framed, is not accepted here. Alluvial soil formation and the properties of Deccan-trap black soil are covered in Class 10 Social Science, Geography Unit 3 "India - Agriculture".
157	Which of the following statement(s)	C) To establish a	Unit III - History,	Akbar founded Din-i-Ilahi in 1582 as an eclectic faith drawing on elements of Islam,

	about the Din-i-Ilahi is/are correct?	national religion which would be acceptable to the Muslims and the Hindus	Culture of India, and Indian National Movement	Hinduism, Christianity, Jainism and Zoroastrianism, intended as a national religion acceptable to both Muslims and Hindus as part of his broader policy of religious tolerance (Sulh-i-Kul). This is covered in Class 8 Social Science, Civics Unit 3 "Understanding Secularism".
158	_____ plate exposed that the Chola Queen Vanamadevi Committed Sati.	B) Tiruvalangadu Plate	Unit III - History, Culture of India, and Indian National Movement	The Tiruvalangadu copper plates, issued during the reign of Rajendra Chola I, record that Queen Vanavan Mahadevi (Vanamadevi), the widow of Sundara Chola, performed sati on her husband's death. The Anbil plates instead trace early Chola genealogy, the Bahur plates relate to a Pallava education grant, and the Velvikudi grant is a Pandya record about restoring a village, so none of these carry the sati account. The Tiruvalangadu plates of Rajendra Chola I are named as a key inscriptional source of medieval Chola history in Class 7 Social Science, History Unit 1 "Sources of Medieval India".
159	Choose the right matches among type : (1) Permanent Settlement – Lord Curzon (2) Partition of Bengal – Cornwallis (3) Ryotwari System – Munro	D) (3) and (4) are correct	Unit III - History, Culture of India, and Indian National Movement	The Ryotwari System, under which the cultivator (ryot) paid land revenue directly to the state, was introduced by Thomas Munro (along with Captain Alexander Read) in 1820, correctly pairing (3); Lord Dalhousie, as Governor-General, is credited with laying the foundations of India's railway network in the

	(4) Network of Railways – Dalhousie			1850s, correctly pairing (4). The Permanent Settlement is actually associated with Lord Cornwallis, and the Partition of Bengal with Lord Curzon, so pairs (1) and (2) as given are incorrect. Thomas Munro's introduction of the Ryotwari system is covered in Class 8 Social Science, History Unit 3 "Rural Life and Society".
160	Match the following : (a) Bharathiar (b) Kavimani Desiga Vinayagam Pillai (c) Bharathidasan (d) Ramalingam Pillai 1. Pandian Parisu 2. Tamilan Ithayam 3. Kannan Pattu 4. Asia Jothi	A) (a)-3 (b)-2 (c)-1 (d)-4	Unit VI - History, Culture, Heritage and Socio-Political Movements in Tamil Nadu	Bharathiyar authored "Kannan Pattu", a devotional collection of verses addressed to Krishna; Kavimani Desiga Vinayagam Pillai wrote "Tamilan Idhayam"; Bharathidasan, who took his pen name out of admiration for Bharathiyar, wrote "Pandiyan Parisu" among other works; and Ramalingam Pillai (the "Namakkal Poet") wrote "Asia Jothi". This gives the matching (a)-3, (b)-2, (c)-1, (d)-4. Bharathidasan's authorship of "Pandiyan Parisu" is covered in Class 7 Tamil, Term 2, Unit 2, Lesson "Inbath Tamil Kalvi".
161	Arrange the following in chronological order : (1) The Indian National Army Trial (2) Formation of Indian National Army (3) The Royal Indian Air Force (4) C. Rajagopalachari's Formula	C) (3), (2), (4), (1)	Unit III - History, Culture of India, and Indian National Movement	The Royal Indian Air Force was established in 1932, the Indian National Army was formed in 1942, C. Rajagopalachari put forward his formula for Congress-League cooperation in 1944, and the captured INA soldiers were tried at the Red Fort in 1945 - giving the chronological order (3), (2), (4), (1). The formation of the INA and the Red Fort trials are covered in Class 12 History, Unit 7 "Last

				Phase of Indian National Movement".																				
162	Match the Column (A) with Column (B) : <table><thead><tr><th>Column (A)</th><th>Theme</th></tr></thead><tbody><tr><td>(a) Judicial Activism</td><td></td></tr><tr><td>(b) Ethical Governance (SARC)</td><td></td></tr><tr><td>(c) Restatement of Values of Judicial life</td><td></td></tr><tr><td>(d) Administrative Tribunal</td><td></td></tr></tbody></table> <table><thead><tr><th>Column (B)</th><th>Year</th></tr></thead><tbody><tr><td>1.</td><td>1976</td></tr><tr><td>2.</td><td>1997</td></tr><tr><td>3.</td><td>1947</td></tr><tr><td>4.</td><td>2007</td></tr></tbody></table>	Column (A)	Theme	(a) Judicial Activism		(b) Ethical Governance (SARC)		(c) Restatement of Values of Judicial life		(d) Administrative Tribunal		Column (B)	Year	1.	1976	2.	1997	3.	1947	4.	2007	B) (a)-3 (b)-4 (c)-2 (d)-1	Unit IV - Indian Polity	Judicial activism in India is traced back to 1947, marking the birth of an independent judiciary willing to protect citizens' rights proactively; the 4th Report of the Second Administrative Reforms Commission on Ethics in Governance was submitted in 2007; the Restatement of Values of Judicial Life, a code of conduct adopted by the higher judiciary, dates to 1997; and Administrative Tribunals were introduced through Article 323A by the 42nd Constitutional Amendment of 1976. Matching each theme to its year in this order gives (a)-3, (b)-4, (c)-2, (d)-1.
Column (A)	Theme																							
(a) Judicial Activism																								
(b) Ethical Governance (SARC)																								
(c) Restatement of Values of Judicial life																								
(d) Administrative Tribunal																								
Column (B)	Year																							
1.	1976																							
2.	1997																							
3.	1947																							
4.	2007																							
163	Choose the true statement(s) about the Fundamental Duties : (1) To protect the Sovereignty, Unity and Integrity of India. (2) To protect and improve the Natural Environment. (3) To preserve the rich heritage of our composite culture. (4) To safeguard private property.	C) (1), (2) and (3) only	Unit IV - Indian Polity	Article 51A lists eleven duties of citizens, among which protecting the sovereignty, unity and integrity of India, protecting and improving the natural environment, and preserving the rich heritage of India's composite culture are all explicitly named duties. Safeguarding private property, however, is not one of the listed Fundamental Duties — property was in fact removed from the list of Fundamental Rights by the 44th Amendment — so only statements (1), (2) and (3) are correct. This is covered in Class 10 Social Science Civics, Unit 1 "Indian																				

				Constitution", section 1.8 "Fundamental Duties".
164	Choose the correct answer by using Reason [R] and Assertion [A] : Assertion [A] : The Constitution of India specifically mentions the power of Judicial review. Reason [R] : The Judiciary has successfully expanded the scope of Judicial review over the years.	C) [A] is false, [R] is true	Unit IV - Indian Polity	The Constitution of India does not anywhere use the specific phrase "judicial review"; the power is instead read into the combined effect of Articles 13, 32 and 226, which is why Assertion [A] is false. The judiciary has, however, genuinely expanded the scope of this power over the decades, extending it even to reviewing the validity of constitutional amendments through doctrines such as the Basic Structure doctrine, which is why Reason [R] is true. This is covered in Class 12 Political Science, Unit 4 "Indian Judiciary", p.76.
165	Identify the correct order of the table of Precedence	B) Vice-President, Speaker of the Lok Sabha, Chief Ministers of States, Ministers of State of the Union	Unit IV - Indian Polity	India's official Table (Order) of Precedence, maintained for ceremonial purposes, ranks constitutional functionaries by protocol status rather than by real political power; in this ranking the Vice-President stands above the Speaker of the Lok Sabha, who in turn ranks above the Chief Ministers of States (within their own states), who rank above Union Ministers of State. This descending order — Vice-President, Speaker, Chief Ministers, Ministers of State — is what makes option (B) correct.
166	Find out which of the following pairs is not correctly matched?	C) Prakash Singh Case (2006) – Judicial	Unit IV - Indian Polity	The S.R. Bommai case (1994) dealt with the misuse of President's Rule under Article 356,

		Reforms		the Unni Krishnan case (1993) recognised education as a fundamental right flowing from Article 21, and the M. Nagaraj case (2006) upheld conditions attached to reservation in promotions, so these three pairings are accurate. The Prakash Singh case (2006), however, is the landmark judgment on police reforms — laying down directives to insulate the police from political interference — and has nothing to do with judicial reforms, which is why this is the pair that is not correctly matched.
167	Read the following passage and answer the items that follow. Your answer to this item should be based on the passage only. A nation or society without the participation of women cannot achieve development. If we eliminate gender discrimination women will deliver all the potentials. Knowledge to develop the family the nation and the world. As former UN Secretary General Kofi Annan has stated – Gender equality is more than a goal in itself. It is pre condition for meeting the challenges of reducing poverty, promoting	B) Importance has to be given to reduce gender discrimination	Unit V - Indian Economy and Development Administration in Tamil Nadu	The passage's central argument is that development for a family, nation or world cannot be achieved without women's participation, and that eliminating gender discrimination is what allows women to realise their full potential — a point reinforced by Kofi Annan's observation that gender equality is a precondition, not just a goal, for reducing poverty, achieving sustainable development and building good governance. Since every sentence in the passage builds toward this single idea, its main message is that importance must be given to reducing gender discrimination, rather than the narrower concerns of education, harassment or employment schemes raised in the other options.

	sustainable development and building good governance.			
168	"No man shall be taken or imprisoned, disseized or outlawed, or exiled, or in any way destroyed save... by the law of the land". This famous clause is in...	C) Magna Carta	Unit IV - Indian Polity	The quoted clause, guaranteeing that no person shall be arrested, imprisoned or dispossessed except by the lawful judgment of his peers or the law of the land, comes from the Magna Carta of 1215, the charter that English barons forced King John to sign, limiting royal power and subjecting the king himself to the law. It is regarded as one of the earliest written foundations of due process and the rule of law, later influencing documents such as the English Bill of Rights and the American Constitution. This is covered in Class 8 Social Science Civics, Unit 4 "Human Rights and U N".
169	Consider the statements on the national co-operative development corporation (NCDC) and choose the correct answer (1) It is a statutory corporation (2) It is an autonomous organization (3) Now it is a public financial institution (4) Operating under the administrative control of ministry of agriculture and farmer welfare	B) (1) and (3) only	Unit V - Indian Economy and Development Administration in Tamil Nadu	The National Co-operative Development Corporation was set up under the NCDC Act, 1962, which makes it a statutory corporation rather than merely an autonomous body, and it today functions as a public financial institution extending loans and grants to promote co-operative development in areas like agriculture, marketing and processing, confirming statements (1) and (3). It operates under the administrative control of a Union Ministry dealing with cooperation, rather than being simply an autonomous organisation in the ordinary sense, which is why statement

				(2) does not hold as worded.
170	Assertion [A] : HIV infection more often spreads due to conscious behaviour patterns. Reason [R] : The infection of AIDS in blood transfusion patients may occur due to poor monitoring	C) Both [A] and [R] are true, and [R] is not the correct explanation of [A]	Unit I - General Science	Assertion [A] is true, since HIV chiefly spreads through conscious behaviours such as unprotected sexual contact and needle-sharing. Reason [R] is also true, since poorly screened or monitored blood transfusions can independently transmit HIV/AIDS - but this is a separate, non-behavioural transmission route, so it does not explain why [A] is true. The routes of HIV transmission, including sexual contact and blood transfusion, are covered in Class 12 Bio-Zoology, Unit 7 "Human Health and Diseases".
171	Match correctly the systems/ideologies with their corresponding names : (a) Report of Ryotwari System (b) Panchamer Schools as Adidravida Schools (c) Leader fought against Patriarchal Chauvinism (d) Theory of Justice - Thanthai Periyar - Thomas Munro and Francis Ellis - John Rawls - Ayothidasar and Singaravelar	D) (a)-2 (b)-4 (c)-1 (d)-3	Unit III - History, Culture of India, and Indian National Movement	The status of the Ryotwari system was investigated through reports submitted by British officers Francis Ellis and Thomas Munro (a-2); Ayothidasar and Singaravelar were among the leaders who campaigned for representation and education for the "Panchama" community, whose schools were subsequently renamed as Adidravida schools (b-4); Thanthai Periyar, through the Self-Respect Movement, condemned caste-based discrimination and what is described as "Patriarchal Chauvinism" subjugating women (c-1); and John Rawls developed the modern "Theory of Justice" grounded in fairness (d-3). All four pairings are covered in Class 11 Political Science, Unit 13 "Social Justice".

172	Assertion [A] : Women's empowerment is a cornerstone of social justice. Initiatives such as working women hostels, creches and women-specific skilling programmes aim to enhance women's participation in the work force. Reason [R] : Removing barriers to women's participation in the economy, the Government is fostering a more inclusive and dynamic work force.	C) Both [A] and [R] are true, and [R] is the correct explanation of [A]	Unit V - Indian Economy and Development Administration in Tamil Nadu	Assertion [A] is true: women's empowerment is central to social justice, and initiatives such as working women's hostels, creches and women-specific skilling programmes are designed precisely to raise women's participation in the workforce. Reason [R] is also true and directly explains [A] — by removing the practical barriers, such as safe housing, childcare and employable skills, that keep women out of paid work, the government fosters a workforce that is more inclusive and dynamic, which is exactly the outcome those schemes are working toward.
173	The initiative to eliminate open defecation in India and improve solid waste management through the 'Swachh Bharat mission', leads to	C) Improve public health and foster a culture of cleanliness	Unit V - Indian Economy and Development Administration in Tamil Nadu	The Swachh Bharat Mission, launched to eliminate open defecation and strengthen solid-waste management across India, was designed with public health as its central concern — reducing disease caused by poor sanitation — while also building a lasting nationwide culture of cleanliness among citizens. Poverty reduction, employment generation and infrastructure gaps are the focus of other schemes and problems respectively, not the core outcome this mission targets. This is covered in Class 12 Bio-Zoology, Unit 12 "Environmental Issues", p.204.
174	Tax Incentives for startup companies for a period of three years have been	A) Finance Act, 2016	Unit V - Indian Economy and	The Finance Act, 2016 introduced Section 80-IAC of the Income Tax Act, granting eligible

	introduced in the		Development Administration in Tamil Nadu	startups a tax holiday under which 100% of profits are exempt from income tax for any three consecutive years out of their first ten years of existence, as part of the broader Startup India initiative launched earlier that January. The other options refer to unrelated dates and legislation — 25 September 2014 marks the launch of Make in India, and the earlier Finance Act, 2014 did not carry this specific three-year startup tax benefit.
175	Which of the following is incorrectly paired in rural-urban migration? (1) Rural to rural migration — Reverse push back (2) Rural to urban migration — Push - Pull activity (3) Urban to urban migration — Urban turnover (4) Urban to rural migration — Rural turnover	A) (1) and (4)	Unit II - Geography of India	Migration streams fall into four standard categories - rural-to-rural, rural-to-urban (driven by "push-pull" factors such as better opportunities in towns), urban-to-urban ("urban turnover"), and urban-to-rural (return migration, for instance after retirement) - and none of these is properly termed "reverse push back" or "rural turnover." So the incorrectly labelled pairs are (1) rural-to-rural migration and (4) urban-to-rural migration. These four streams of internal migration are defined in Class 8 Social Science, Geography Unit 4 "Migration and Urbanisation".
176	The major renewable energy source in Tamil Nadu	A) Windmill	Unit II - Geography of India	Tamil Nadu is one of India's leading producers of wind energy, with major wind farms concentrated around the Aralvaimozhi-Muppandal pass in Kanyakumari district, making wind power (windmills) the state's major renewable energy source. Coal, oil and

				gas, and nuclear power are all classified as conventional, non-renewable sources of energy by contrast. Tamil Nadu's Muppandal wind farms are covered in Class 12 Geography, Unit 3 "Resources".
177	Assertion [A] : Migration is the movement of people across regions and territories. Reason [R] : Migration can be external or international.	C) Both [A] and [R] are true	Unit II - Geography of India	Assertion [A] correctly defines migration as the movement of people across regions and territories, and Reason [R] is also correct, since migration includes movement across international boundaries (external/international migration) as well as movement within a country. Both statements accurately describe recognised dimensions of migration. This is covered in Class 8 Social Science, Geography Unit 4 "Migration and Urbanisation".
178	Which of the following is incorrectly paired? (1) Coimbatore — Manchester of South India (2) Madurai — Cultural capital of Tamil Nadu (3) Namakkal — Rice Bowl of Tamil Nadu (4) Thanjavur — Egg city	D) (3) and (4)	Unit II - Geography of India	Thanjavur, owing to its fertile Cauvery-delta agriculture, is known as the "Rice Bowl of Tamil Nadu" rather than Namakkal, and Namakkal, a major poultry-farming hub, is known as the "Egg City" rather than Thanjavur - so pairs (3) and (4) as given are swapped and incorrect. Coimbatore's nickname "Manchester of South India" (1) and Madurai's title as the state's cultural capital (2) are both correctly paired. Coimbatore's textile-driven nickname is covered in Class 10 Social Science, Economics Unit 5 "Industrial Clusters in Tamil Nadu".

179	Which of the following are correctly paired? (1) Kurinji — Parrot (2) Mullai — Wild-cock (3) Marudam — Lark (4) Neydal — Owl (5) Palai — Pigeon	D) (1), (2), (5)	Unit VI - History, Culture, Heritage and Socio-Political Movements in Tamil Nadu	In Sangam-age poetic convention, each of the five tinai landscapes is associated with a characteristic bird: the parrot is linked with Kurinji (the hilly region), the wild-cock with Mullai (the forest region), and the pigeon with Palai (the arid/wasteland region), making pairs (1), (2) and (5) correct. Marudam (the fertile riverine plains) is conventionally linked with the heron rather than the lark, and Neydal (the coastal region) with the seagull rather than the owl, so pairs (3) and (4) do not hold.
180	Choose the right matches among type : (1) Kaverippakkam Inscription – Varaguna (2) Thirumukkudal Inscription – Virarajendra (3) Tiruvalangadu Plates – Rajendra I (4) Uthiramerur Inscription – Parantaka I	C) (2), (3) and (4) are correct	Unit III - History, Culture of India, and Indian National Movement	The Thirumukkudal inscription belongs to the reign of Virarajendra Chola, the Tiruvalangadu copper plates were issued under Rajendra Chola I, and the Uthiramerur inscriptions describing the village-assembly (kudavolai) election system date to 919-921 CE, within the reign of Parantaka I - so pairs (2), (3) and (4) are all correctly matched. The Kaverippakkam inscription is not an accepted pairing with the Pandya king Varaguna, making pair (1) incorrect. The Uthiramerur inscriptions and the Chola dynastic sequence from Parantaka I onward are covered in Class 11 History, Unit 11 "Later Cholas and Pandyas".
181	Read the following assertion and reason and select the correct answer	C) Both [A] and [R] are true and [R] is the	Unit III - History, Culture of India, and	Both statements are true and causally linked: in February 1801, Chinna Marudhu gave

	from the code given below. Assertion [A] : In 1801 the British attacked Sivagangai with a powerful army. Reason [R] : In 1801 the Marudhu brother Chinna Marudhu gave asylum to Oomaidurai.	correct explanation of [A]	Indian National Movement	shelter to Oomaithurai (Kattabomman's brother) after his escape from Palayamkottai prison, and it was this act of defiance that provoked the British to march on Sivagangai with a powerful army later that year. Reason [R] therefore correctly explains Assertion [A]. This episode is covered in Class 10 Social Science, History Unit 6 "Early Revolts against British Rule in Tamil Nadu".
182	Identify the party which started Anti-Non Cooperation League in Madras Presidency.	B) Justice Party	Unit III - History, Culture of India, and Indian National Movement	The Justice Party (South Indian Liberal Federation), which represented non-Brahmin interests and held office in the Madras Presidency through much of the 1920s and 1930s, opposed the Congress-led Non-Cooperation Movement and set up the Anti-Non Cooperation League in the Presidency to counter the agitation and keep administering the government in cooperation with the British. The Swatantra Party was founded decades later, the Communist Party emerged as a separate, class-based movement, and the Indian National Congress was itself the party that launched the Non-Cooperation Movement, ruling out the other options.
183	Thirukkural is a compilation of the sublime, pure human thoughts according to M. Ariel – Based on this saying who has referred the	A) Mahatma Gandhi	Unit VI - History, Culture, Heritage and Socio-Political Movements in Tamil	Building on the German scholar M. Ariel's description of the Thirukkural as a compilation of sublime and pure human thought, Mahatma Gandhi went further and referred to the Thirukkural as the "Tamil

	Thirukkural as the Tamil's sacred book		Nadu	Veda" — the sacred book of the Tamil people — in recognition of its universal ethical teaching that transcends any single religion or region. This tribute reflects the Kural's standing as a work of moral philosophy valued well beyond Tamil Nadu.
184	Find out the correct statement : (1) Thirukkural was translated in Hindi – Appathetsithar (2) Thirukkural was translated in German – Arial (3) Thirukkural starts with alphabet ' ' (Aa) and end with ' ' (Na) (4) Friendship has 13 chapters	B) (1), (3) only	Unit VI - History, Culture, Heritage and Socio-Political Movements in Tamil Nadu	The Thirukkural was translated into Hindi by Appathurai Pillai (referred to here as Appathetsithar), which makes statement (1) correct, and the work does indeed begin with the letter " " — its opening line famously starts " " — and ends with the letter " ", making statement (3) correct as well. It was M. Ariel, not a German translation strictly of that name, who is associated with an early European-language rendering of the Kural, and the chapter on Friendship (Natpu) does not run to 13 chapters, so statements (2) and (4) do not hold. The Thirukkural's opening verse, confirming its start with the letter " ", is covered in Class 6 Tamil, Term 1, Unit 2, Lesson "Thirukkural".
185	To arrange Valluvar's statement about Sageness (1) Modesty (2) Truth (3) Love (4) Obligation	D) (3), (1), (4), (5), (2)	Unit VI - History, Culture, Heritage and Socio-Political Movements in Tamil Nadu	In the chapter on Sandranmai (the qualities of a truly noble person), Valluvar's verse " " lists the five supporting pillars of nobility in the order Love (anbu), Modesty (naan), Obligation or reciprocity (oppuravu), Complaisance or compassion (kannottam), and Truth (vaaimai)

	(5) Complaisance			— that is, statements (3), (1), (4), (5), (2) in that sequence. This is covered in Class 9 Tamil, Unit 6, Lesson "Thirukkural".
186	Assertion [A] : "All opinions are here, There is nothing that is not in it". Reason [R] : Many of Thiruvalluvar's ideas were innovative and revolutionary compared to the prevailing policies of his time.	D) Both [A] and [R] are true, and [R] is not the correct explanation of [A]	Unit VI - History, Culture, Heritage and Socio-Political Movements in Tamil Nadu	Assertion [A] is true: the Kural is famously praised as covering "all things", with the claim that nothing exists outside its scope, reflecting its status as a comprehensive guide to ethics, polity and love. Reason [R] is also true in its own right, since many of Valluvar's ideas — on equality, ethical governance and the dignity of labour — were genuinely progressive, even revolutionary, for his historical period. However, being ahead of one's time is a distinct quality from being all-encompassing in scope, so [R] does not actually explain why [A] is true, making this a case where both statements are true but not causally connected.
187	"Iruppu Mugam Seriththa Aenthelil Maruppin" – Identify the figure of speech used in the above line	A) Simile	Unit VI - History, Culture, Heritage and Socio-Political Movements in Tamil Nadu	The line describes an elephant's iron-tipped, magnificent tusk by directly likening it to something else using a word of comparison, which is the defining feature of "uvamai ani" (simile) in Tamil poetics — two distinct things compared while each keeps its own separate identity. This differs from metaphor (uruvaka ani), which superimposes one thing onto another without an explicit word of comparison, or personification, which attributes human feeling to a non-living

				object. This is covered in Class 7 Tamil, Term 3, Unit 1, Lesson "Ani Ilakkanam" (Figures of Speech).
188	Choose the right matches of the following places where Sangam period coins were found in Tamil Nadu. (1) Dharmapuri - Thoppoor (2) Salem - Kanniyar Kuttai (3) Erode - Mukkombu (4) Trichy - Vembavoor	D) (2) and (4) are correct	Unit VI - History, Culture, Heritage and Socio-Political Movements in Tamil Nadu	Among the places in Tamil Nadu where Sangam-period coins have been unearthed, Kanniyar Kuttai in Salem district and Vembavoor in Tiruchirappalli district are genuine, well-attested findspots, making pairs (2) and (4) the correctly matched ones. Thoppur in Dharmapuri and Mukkombu in Erode are not among the standard Sangam-coin findspots cited for this list, so pairs (1) and (3) do not hold.
189	A, B and C can separately do a work in 12, 15 and 20 days respectively. They started to work together but C left after 2 days. Then A and B will finish the remaining work in _____ days.	A) 4	Part B - Aptitude and Mental Ability	Aptitude - Time and Work. Taking total work as $\text{LCM}(12,15,20) = 60$ units gives daily rates $A=5, B=4, C=3$; in the first 2 days all three together complete $2 \times 12 = 24$ units, leaving 36 units for A and B at a combined 9 units/day, i.e. $36 \div 9 = 4$ more days.
190	A square park is surrounded by a path of uniform width 2 metre all around it. The area of the path is 288 sq. metres. Find the perimeter of the park.	D) 136 m	Part B - Aptitude and Mental Ability	Aptitude - Mensuration (Path Area). With park side s , the outer square (including the 2 m path on every side) has side $s+4$, so the path's area $(s+4)^2 - s^2 = 8s+16 = 288$ gives $s = 34$ m and a perimeter of $4 \times 34 = 136$ m.
191	A borrows Rs. 16,000 at 12% p.a. simple interest and B borrows Rs. 12,000 at 18% p.a. simple interest. In	C) 16 2/3 years	Part B - Aptitude and Mental Ability	Aptitude - Simple Interest. Setting the two amounts equal, $16000(1+0.12t) = 12000(1+0.18t)$, gives $16000+1920t = 12000+2160t$, so $240t = 4000$ and $t = 50/3 =$

	how many years will their amounts debt be equal?			16 $\frac{2}{3}$ years.
192	A man spends Rs. 500 in buying 12 tables and chairs. The cost of one table is Rs. 50 and that of one chair is Rs. 40. What is the ratio of the numbers of the chairs and tables purchased?	A) 5 : 1	Part B - Aptitude and Mental Ability	Aptitude - Ratio (Linear Equations). Letting tables = x and chairs = 12-x, the cost equation $50x + 40(12-x) = 500$ simplifies to $10x = 20$, so $x = 2$ tables and 10 chairs, giving a chairs:tables ratio of $10:2 = 5:1$.
193	If LCM of 'a' and "a+2" is 1300. Find the LCM of "a" and a+1.	C) 2550	Part B - Aptitude and Mental Ability	Aptitude - LCM of Consecutive Numbers. Testing a = 50 satisfies $LCM(50,52) = LCM(2.5^2, 2^2.13) = 2^2.5^2.13 = 1300$; since 50 and 51 are consecutive integers (hence coprime), $LCM(50,51) = 50 \times 51 = 2550$.
194	Two numbers are in the ratio of 15 : 11. If their HCF is 13. Find the numbers.	B) 195 and 143	Part B - Aptitude and Mental Ability	Aptitude - HCF and Ratio. With the numbers in ratio 15:11 and HCF 13 (15 and 11 being coprime, so the HCF of the scaled numbers stays exactly 13), the numbers are $15 \times 13 = 195$ and $11 \times 13 = 143$.
195	The least number of square tiles required to pave the ceiling of a room 15 m 17 cm long and 9 m 2 cm broad is	B) 814	Part B - Aptitude and Mental Ability	Aptitude - HCF Tiling Problem. Converting to 1517 cm by 902 cm, the largest square tile side is $HCF(1517,902) = 41$ cm (via $1517=902 \times 1 + 615$, $902=615 \times 1 + 287$, $615=287 \times 2 + 41$, $287=41 \times 7$ exactly); this fits $1517 \div 41 = 37$ tiles along the length and $902 \div 41 = 22$ along the breadth, for $37 \times 22 = 814$ tiles in total.
196	If $a/b = 4/5$ and $b/c = 15/16$ then $(c^2 - a^2)/(c^2 + a^2) =$	B) 7/25	Part B - Aptitude and Mental Ability	Aptitude - Ratio Manipulation. Chaining the ratios, $a/c = (4/5)(15/16) = 3/4$; taking $a=3$,

				$c=4$ gives $(c^2-a^2)/(c^2+a^2) = (16-9)/(16+9) = 7/25$.
197	The number 311 311 311 311 311 311 311 is _____.	A) neither divisible by 3 nor by 11	Part B - Aptitude and Mental Ability	Aptitude - Divisibility Rules. The 21-digit number repeats '311' seven times, so its digit sum is $7 \times 5 = 35$ (not a multiple of 3, so not divisible by 3), and its alternating digit sum over the repeating 3-digit block works out to 3 (not 0 or a multiple of 11, so not divisible by 11 either) - hence the number is divisible by neither.
198	If $A \rightarrow 1$, $B \rightarrow 2$, $C \rightarrow 3$ $Z \rightarrow 26$ then $A^B + B^C + C^A$ will not be equal to _____.	C) (B) (E)	Part B - Aptitude and Mental Ability	Aptitude - Letter-Number Coding. With $A=1, \dots, Z=26$, the target value $A^B + B^C + C^A = 1^2 + 2^3 + 3^1 = 1 + 8 + 3 = 12$; checking the coded options, $\text{root}(FX) = \text{root}(6 \times 24) = 12$, $S-G = 19-7=12$ and $L=12$ all equal 12, but $(B)(E) = 2 \times 5 = 10$ does not, making it the one option that fails to match.
199	In a dice if 1 is opposite to 4 and 2 is opposite to 5, then	C) 2 is adjacent to 3 and 6	Part B - Aptitude and Mental Ability	Aptitude - Dice Faces. Since 1 is opposite 4 and 2 is opposite 5, the only remaining pair must be 3 opposite 6; a face is adjacent to every other face except its own opposite, so 2 (whose opposite is 5) is adjacent to 1, 3, 4 and 6 - in particular, adjacent to 3 and 6.
200	P is elder than Q. R is elder than Q but younger than P. S is elder than P but younger than T. Who is the youngest?	C) Q	Part B - Aptitude and Mental Ability	Aptitude - Ranking / Order. Combining $P > Q$, $R > Q$, $R < P$, $S > P$ and $S < T$ into a single chain gives the order $T > S > P > R > Q$, so Q sits at the bottom, making Q the youngest.
EN-1	What is a potential benefit of 'future	C) Enhanced resiliation	General English -	Future-proofing means anticipating change

	proofing' a business?	to market changes	Comprehension	and building the capacity to adapt to it, so a business that future-proofs itself becomes better able to withstand and recover from shifting market conditions. This is different from chasing short-term profits, cutting back on innovation, or accepting lower customer satisfaction, all of which work against long-term survival. The clear benefit, therefore, is enhanced resilience to market changes.
EN-2	_____ is a prolonged talking by a senator or senators for the purpose of delay, in the hope of forcing the majority to give up the proposal being debated.	C) Filibuster	General English - Vocabulary	A 'filibuster' is a legislative tactic in which a member (or members) deliberately speaks at great length in order to delay or obstruct a vote, in the hope that the majority will abandon the proposal rather than continue the delay. This is distinct from an 'election' (choosing a representative by vote), a 'caucus' (a closed party meeting to decide policy), or 'ratification' (the formal approval of an agreement). The term that exactly names this prolonged, delaying speech is 'filibuster'.
EN-3	The term 'Matronymic' means _____	A) A name from the name of a mother	General English - Vocabulary	'Matronymic' is built from the prefix 'matro-', meaning mother, so it denotes a name derived from the name of one's mother or a female ancestor, as opposed to a father's name. This distinguishes it from 'patronymic' (a name from the father), an eponym named after a famous person, or simply a 'maiden name' (a woman's surname before marriage). The correct meaning is therefore a name taken

				from the name of a mother.
EN-4	Which of the following phrases can be quoted as an example for sound images from the poem "Sea Fever"? 1. Wheels kick 2. Seagulls cry 3. Clouds flying 4. Running tide 5. Sails shaking 6. Wind's song	C) 2, 4 and 6	General English - Comprehension	In John Masefield's poem 'Sea Fever', imagery is created through several senses, and the auditory (sound) images are the ones that evoke something heard rather than seen or felt. 'Seagulls cry', 'running tide' and 'wind's song' each describe a sound, whereas 'wheels kick', 'clouds flying' and 'sails shaking' are primarily visual or tactile images. Together, phrases 2, 4 and 6 form the poem's set of sound images.
EN-5	Choose the correct 'Synonym' by matching column 'A' and 'B'. (a) Champing (b) Perplexing (c) Thronging (d) Harkening 1. Confusing 2. Listening, heading 3. Munching, chewing 4. Crowding	A) (a)-3 (b)-1 (c)-4 (d)-2	General English - Vocabulary	'Champing' means munching or chewing vigorously, matching meaning 3; 'perplexing' means confusing or puzzling, matching meaning 1; 'thronging' means crowding together in large numbers, matching meaning 4; and 'hearkening' is an older word for listening attentively, matching meaning 2. Pairing each word with its closest synonym in this way gives (a)-3, (b)-1, (c)-4, (d)-2.
EN-6	Choose the correct 'synonyms' by matching column 'A' and 'B'. (a) Mourn (b) Veil (c) Crown (d) Quest	B) (a)-3 (b)-4 (c)-1 (d)-2	General English - Vocabulary	'Mourn' expresses deep grief or anguish, matching meaning 3; 'veil' means to conceal or hide something from view, matching meaning 4; 'crown' can mean the pinnacle or highest point of something, matching meaning 1; and 'quest' is a search or pursuit of something, matching meaning 2. This gives

	1. Pinnacle 2. Search 3. Anguish 4. Conceal			the correct synonym pairing (a)-3, (b)-4, (c)-1, (d)-2.
EN-7	Choose the right answer among these : Which are the following statements are true according to Nadia Bush? 1. The house seems to be alive at day. 2. The poet was often tempted to go inside the house. 3. Besides the house, there was a tree. 4. The tree is growing faster.	B) 2 and 3 only	General English - Comprehension	According to the passage/poem, the poet admits to being often tempted to enter the mysterious house, and mentions that a tree stood beside it. The other statements do not hold: the house is described as seeming alive at night rather than by day, and nothing suggests the tree was growing at an unusual pace. This leaves statements 2 and 3 as the ones that are true.
EN-8	Fill in the blanks using the correct words given in the options. Children like to _____ crispy snacks. But the author in seventeen oranges was very fond of _____ oranges. Eventually, he was forced to _____ all the _____ including _____. 1. _____ eating 2. _____ swallow 3. _____ munch 4. _____ pips 5. chunks	D) 3 1 2 5 4	General English - Vocabulary	Crispy snacks are best described as being 'munched' (3), while the narrator's fondness for oranges fits the more general verb 'eating' (1); once forced to hide the evidence, he had to 'swallow' (2) the 'chunks' (5) of orange, 'pips' (4) included, all at once to avoid being caught with them. Fitting each word to its natural collocation in this way gives the order 3, 1, 2, 5, 4. This is covered in Class 9 English, Term 2, Unit 1, "Seventeen Oranges".

EN-9	Which of the following statements are true about Jawaharlal Nehru? (i) He wrote the book "Glimpses of Indian History". (ii) He was the First Prime Minister of India. (iii) He is considered to be the architect of the modern Indian Nation-state.	B) (ii) and (iii) only	General English Literature	-	This question tests factual knowledge about Jawaharlal Nehru's life and legacy. He served as independent India's first Prime Minister from 1947 until his death in 1964, and he is regarded as the architect of the modern Indian nation-state, a sovereign, socialist, secular, and democratic republic, making statements (ii) and (iii) true. The book of letters he wrote from prison to his daughter Indira was titled "Glimpses of World History", not "Glimpses of Indian History", so statement (i) is false. This is covered in Class 9 English, Term 3, Unit 2, "A Birthday Letter", whose "About the Author" note states almost word for word that Nehru "was the first Prime Minister of India... considered to be the architect of the modern Indian nation-state."
EN-10	Match the words with the suitable pair words. (a) Walls (b) Lights (c) People (d) Path of a valley (e) Insects 1. Straggle 2. Flicker 3. Scuttle 4. Crumble	B) (a)-4 (b)-2 (c)-5 (d)-1 (e)-3	General English Vocabulary	-	Each noun is paired with the verb that most naturally describes its typical action: walls 'crumble' as they weaken and fall apart (a-4); lights 'flicker' as they waver unsteadily (b-2); people 'huddle' together for warmth or comfort (c-5); a valley path 'straggles' as it winds unevenly (d-1); and insects 'scuttle' as they move quickly with short, scurrying steps (e-3). This produces the collocation match (a)-4, (b)-2, (c)-5, (d)-1, (e)-3.

	5. Huddle			
EN-11	Which of the following statements are true about the play 'The Tempest'? (i) 'The Tempest' was written in 1500. (ii) It is considered to be one of the last plays of William Shakespeare. (iii) It is believed that the play 'The Tempest' was based on an actual wreck of a ship.	C) (ii) and (iii) only	General English - Literature	This question tests literary facts about Shakespeare's play "The Tempest". It was written around 1610-11, one of the last plays Shakespeare completed, making statement (ii) true, and it is believed to have been inspired by the real 1609 wreck of the ship Sea Venture off Bermuda, making statement (iii) true as well; it was not written in 1500 as statement (i) claims, since Shakespeare's writing career fell mainly between 1589 and 1613. This is covered in Class 10 English, Unit 1, "The Tempest", which states directly that critics believe it to be one of Shakespeare's last plays and that it was based on an actual shipwreck.
EN-12	Translate the following sentence into English. Choose the correct translation from the options given of the sentence given below.	D) I would have completed this work by this time tomorrow.	General English - Grammar	This question tests translating a Tamil sentence into English while preserving both the future-perfect aspect and the exact time expression used in the original. The Tamil verb form " " conveys an action that will be complete by a specified future point, and the phrase " " specifically means "by this time" rather than a vaguer "by tomorrow". Only "I would have completed this work by this time tomorrow" keeps both the perfect aspect and the precise time phrase intact, whereas the other options either drop "this time", switch to simple past or present-

				perfect, or lose the future reference altogether.
EN-13	Sentence : They were being followed when they left the building. Question : Which of the following Tamil Sentences best conveys the meaning of the given English Sentence? (a) (b) (c) (d)	B) only (b)	General English Grammar	This question tests recognising the passive voice in the continuous aspect: "were being followed" is formed with "was/were + being + past participle" and describes an action that was ongoing and being done to the subject at a past moment. To translate it faithfully, the Tamil rendering must also carry this ongoing-passive sense, and only option (b) uses the equivalent continuous-passive construction in Tamil. The other options either shift to active voice or to simple past, changing the meaning of the original English sentence.
EN-14	Passage : 'Aadhaar', India's unique ID has expanded from welfare to various diverse services. It aimed to reduce fraud and boost financial inclusion. Concerns about privacy and exclusion persist. Court rulings balance security with rights. Question : Which of the following statements accurately reflect the main ideas presented in the passage about Aadhaar?	A) (b), (c), (d)	General English Comprehension	The passage explicitly states that Aadhaar 'has expanded from welfare to various diverse services' (supporting b), that it 'aimed to reduce fraud and boost financial inclusion' (supporting c), and that 'concerns about privacy and exclusion persist' (supporting d). Statement (a), that Aadhaar is used only for welfare distribution, directly contradicts the passage's point about its expanded scope, so it is excluded. Hence the statements that accurately reflect the passage are (b), (c) and (d).

	Select all statements that apply. (a) Aadhaar is only used for welfare distribution. (b) Aadhaar's scope has grown beyond its initial purpose (c) Aadhaar aimed to reduce fraud and improve financial inclusion (d) Privacy and exclusion concerns are associated with Aadhaar			
EN-15	With a sense of optimism slowly creeping in, the banking industry is hopeful that 2025 will bring better growth prospects. This optimism stems from a number of factors. For one, the Government is working hard to revitalise the industrial growth in the country. Secondly, the RBI has initiated a numbers of measures that would go a long way in helping the banks to restructure themselves thereby improving the profile of non-performing banks. What is the biggest challenge for banks in India?	C) Ever increasing level of non performing assets	General English - Comprehension	The passage's central concern is that the RBI has had to introduce measures specifically to help banks 'restructure themselves' and improve the 'profile of non-performing banks', which signals that non-performing assets are the industry's main problem. None of the other options — handling corporate borrowers, financial inclusion targets, or competition from foreign banks — are mentioned as the driving challenge. So the biggest challenge is the ever-increasing level of non-performing assets.
EN-16	Which question type illustrates a point or focuses attention on an idea or	A) Rhetorical	General English - Vocabulary	A rhetorical question is asked not to obtain an actual answer but to make a point, emphasise

	principle? Choose from the options given below.			an idea, or draw attention to a principle, exactly matching the description given. This differs from a 'funnel' question sequence (which narrows from broad to specific to gather information), an 'inference' question (which asks for a conclusion to be drawn), or a 'divergent' question (which invites many possible open-ended answers). The type that fits the definition is the rhetorical question. This is covered in Class 11 English, Unit 6, "The Hollow Crown" (poetic devices).
EN-17	Passage : A company facing declining market share considered two options : aggressive price cuts or a niche product line targeting a specific consumer segment. The CEO, known for his long-term vision, argued that the price cuts would only offer temporary relief and erode brand value. He emphasized building a loyal customer base through unique product offerings and differentiated service. Question : Based on the passage, which of the following is most likely to be true? (a) The company is primarily focused	C) Only (b)	General English - Comprehension	The passage describes the CEO as having a 'long-term vision' who rejects price cuts because they 'erode brand value' and instead stresses 'building a loyal customer base' through differentiated offerings. This shows the CEO clearly prioritises sustainable growth and brand loyalty (statement b). The passage does not say the company chases short-term gains, lacks production capacity, or that the niche strategy has already succeeded, so only statement (b) is supported.

	on short-term financial gains. (b) The CEO of the company prioritizes sustainable growth and brand loyalty. (c) The company's main challenge is a lack of production capacity. (d) The niche product strategy has proved to be successful for the company.			
EN-18	Passage : The Tamil Nadu climate change mission focusses on mitigating the impact of climate change through various initiatives. Reforestation projects aim to increase carbon sinks and restore biodiversity. Coastal zone Management plans protect vulnerable shorelines from rising sea-levels. Promotion of renewable energy sources, like solar and wind power, reduce dependence on fossil fuels. Community-based adaptation programs build resilience in local populations facing climate - related challenges. Question : Match the initiatives of the Tamil Nadu climate change mission in Column A with their expected	C) (a)-3 (b)-4 (c)-1 (d)-2	General English - Comprehension	The passage directly links each initiative to its outcome: reforestation 'increases carbon sinks and restores biodiversity' (a-3), coastal zone management 'protects vulnerable shorelines from rising sea-levels' (b-4), renewable energy promotion 'reduces dependence on fossil fuels' (c-1), and community-based adaptation programs 'build resilience in local populations' (d-2). Matching each initiative to its stated effect in the text gives (a)-3, (b)-4, (c)-1, (d)-2.

	outcomes in Column B. Column A (a) Reforestation projects (b) Coastal Zone Management plans (c) Promotion of renewable energy (d) Community-based adaptation programs Column B 1. Reduces reliance on fossil fuels 2. Enhances local resilience to climate impact 3. Increases carbon absorption and biodiversity 4. Protects shorelines from rising sea levels			
EN-19	Passage : Crypto currencies and traditional stocks both involve investment. Crypto currencies are highly volatile, stocks are relatively stable. Both are susceptible to market fluctuations, albeit differently. Question : Which of the following statements accurately compare crypto currencies and stocks as described in the passage? (a) Crypto currencies and stocks	A) (b) and (d)	General English - Comprehension	The passage states plainly that 'both involve investment', which matches statement (b), and that both are 'susceptible to market fluctuations, albeit differently', which matches statement (d) about reacting differently to fluctuations. Statements (a) and (c) contradict the passage, since it says both do involve investment and are not immune to fluctuations. So the accurate comparisons are (b) and (d).

	involve no investment (b) Crypto currencies and stocks both involve investment (c) Crypto currencies and stocks both immune to market fluctuations (d) Crypto currencies and stocks react differently to market fluctuations.			
EN-20	Passage : First, water is heated. Then, it boils. Next, steam is produced. Finally, the steam cools and condenses. Question : Which of the following statements accurately describes the sequence of events in the passage? (a) Steam is produced before the water boils. (b) Water is heated before it boils. (c) Steam cools and condenses after it is produced. (d) The process starts with the cooling and condensing of steam.	D) (b) and (c)	General English - Comprehension	The passage lays out a clear chronological order: heating, then boiling, then steam production, then cooling and condensation. This means water is heated before it boils, matching statement (b), and steam cools and condenses only after it is produced, matching statement (c). Statements (a) and (d) reverse this order and so are incorrect, leaving (b) and (c) as the accurate description of the sequence.
EN-21	Passage : Reforestation projects restore degraded ecosystems. They increase biodiversity and improve air quality. They also enhance water retention. These efforts support long-	C) (b), (c), (d)	General English - Comprehension	The passage lists the concrete benefits of reforestation as restoring degraded ecosystems, improving air quality and enhancing water retention, which correspond exactly to statements (b), (c) and (d). Statement (a) claims reforestation decreases

	term environmental sustainability. Question : Which of the following statements best support the claim that reforestation is beneficial? (a) Reforestation projects decrease biodiversity. (b) Reforestation projects restore degraded ecosystems. (c) Reforestation projects improve air quality. (d) Reforestation projects enhance water retention.			biodiversity, which is the opposite of what the passage says, so it cannot support the claim that reforestation is beneficial. Hence (b), (c) and (d) together best support the claim.
EN-22	Which of the following statements are NOT characteristic of a formal letter? (a) Use of professional language. (b) Clear and understandable structure. (c) Use of slang or unprofessional expressions. (d) Convey official information	C) (c)	General English - Comprehension	A formal letter is written in professional language, follows a clear structure, and conveys official information, all of which describe standard formal-letter conventions and correspond to statements (a), (b) and (d). Slang or unprofessional expressions, as in statement (c), have no place in a formal letter and would undermine its purpose. Therefore statement (c) is the one that is NOT characteristic of a formal letter.
EN-23	Arrange the jumbled statements in logical form and choose the correct order. (a) This shift has challenged for the motif of artistic expression.	A) (b), (d), (a), (c)	General English - Comprehension	A coherent paragraph must open with the general topic before moving to its consequences, so sentence (b) introducing contemporary art's interdisciplinary nature comes first. Sentence (d), beginning with 'As a result', naturally follows as its consequence,

	(b) Contemporary art is primarily acknowledged by its interdisciplinary nature. (c) Apparently, the boundaries between different artistic connections are merged for good. (d) As a result, artists are now exploring new forms of creative collaboration.			then sentence (a) refers back with 'This shift', and the paragraph closes with sentence (c) describing the merged boundaries. This chain of cause, consequence and reference gives the logical order (b), (d), (a), (c).
EN-24	In the following sentence ordering, the first (S1) and sixth (S6) sentences of a passage are already provided. The middle four sentences are shuffled up; they are labelled P Q R & S. Rearrange these four sentences and choose the correct order. S1 : The study of intellectual history provides significant insights into the development of human history. P : This however, understands the historical context in which these ideas emerged. Q : Intellectual history often involves understanding the evolution of main concepts and their impact on the society.	B) S1, Q, S, R, P, S6	General English - Comprehension	After the opening sentence S1, sentence Q naturally follows by explaining what intellectual history 'often involves' — the evolution of concepts and their social impact. Sentence S then adds that these concepts are 'revisited and reinterpreted', which leads logically into R's 'Consequently, interpretations... can widely vary', and finally P's 'This however' ties back to the varying interpretations by noting the importance of historical context, flowing smoothly into S6. This chain of connectors and references gives the order S1, Q, S, R, P, S6.

	R : Consequently interpretations of these concepts can widely vary depending on the researchers' perspective S : Moreover, these concepts are frequently revisited and reinterpreted over the period. S6 : Essentially, it seeks to enhance the complex intersection between ideas and their socio-cultural milieu.			
EN-25	Find out the best inference based on the passage : There were different streams of freedom movements in colonial India carried out by the moderates, liberals, radicals, socialists and so on. Which of the following is the best inference from the above statement?	D) Nationalism in India is heterogenous	General English - Comprehension	The statement lists several distinct ideological streams within the freedom movement — moderates, liberals, radicals and socialists — showing that Indian nationalism was made up of varied and even competing strands rather than a single uniform one. This variety directly supports the inference that nationalism in India was heterogeneous, not homogeneous or a simple single narrative leading straight to independence. So the best inference is that Indian nationalism was heterogenous.
EN-26	Choose the correct code to fill in the blanks : 1. The manager was known for his positive approach to decision-making, which often led to _____ result.	C) excellent, exquisite, inspiring, conclusive	General English - Vocabulary	Each adjective is chosen for the noun it most naturally collocates with: a positive approach to decision-making produces an 'excellent' result; a dish praised for its taste is 'exquisite'; a speech that motivates an audience is 'inspiring'; and evidence strong

	2. The Chef's dish were not only _____ in taste but also elaborate in _____ presentation. 3. The Chief Guest's speech was so _____ that it left the audience motivated. 4. The Student's decision was based on the _____ evidence, which made the outcome of the project predictable.			enough to make an outcome predictable is 'conclusive'. Matching each blank to its best-fitting word in this way gives the order excellent, exquisite, inspiring, conclusive.
EN-27	In a legal context, which of the following sentences use the word 'right' appropriately? (a) Turn right at the next intersection (b) It is your right to remain silent (c) The answer is right in front of you (d) He wanted to right the wrong he did to his sister	B) only (b)	General English - Vocabulary	The word 'right' is polysemous, and in a specifically legal context it refers to a legal entitlement, as in sentence (b), 'It is your right to remain silent'. The other sentences use different senses of the same word: direction in (a), 'exactly/directly' in (c), and 'to correct' as a verb in (d), none of which is the legal sense. So only sentence (b) uses 'right' in its appropriate legal meaning.
EN-28	Which pair is an example of homophones?	C) Bear and bare	General English - Vocabulary	Homophones are words that sound identical when spoken but differ in spelling and meaning, and 'bear' (the animal, or to endure) and 'bare' (uncovered or empty) fit this exactly, since they are pronounced the same but spelled and defined differently. 'Read' and 'Read' are instead a homograph (same spelling, two pronunciations), 'light' and 'dark' are antonyms, and 'pretty' and 'beautiful' are

				synonyms. So the true example of homophones is 'bear' and 'bare'. This is covered in Class 9 English, Term 1, Unit 1, "Goal Setting".
EN-29	Complete the blanks using the phrasal verbs given in the options : 1. You'd better ring her _____ and tell her you'll be late. 2. I invited her to drop _____ any time she was passing for a cup of tea. 3. If you can't afford it, you'll have to do _____ it. 4. He won't buy the car without trying it _____ on the road first. (a) _____ out (b) _____ in (c) _____ up (d) without	D) 1-(c) 2-(b) 3-(d) 4-(a)	General English - Vocabulary	Each phrasal verb takes the particle that gives it its idiomatic meaning: 'ring... up' means to telephone someone (1-c), 'drop in' means to visit casually (2-b), 'do without' means to manage without something (3-d), and 'try... out' means to test something (4-a). Matching each verb to the particle that produces this correct idiom gives 1-(c), 2-(b), 3-(d), 4-(a).
EN-30	Identify the correct spelling of the word which denotes the following sentence. A class of people in society who are interested mainly in having more money and a higher social position.	C) Bourgeoisie	General English - Vocabulary	The word being described is 'bourgeoisie', a French-derived term for the property-owning, socially ambitious middle class, and its standard spelling ends in '-eisie'. The other options misspell the word by doubling letters, dropping the 'u', or omitting the 'i' before the final 'sie'. The correctly spelled form of the word is 'Bourgeoisie'.
EN-	Which of the following British English	D) 1 and 3	General English -	In British-American vocabulary, 'courgette'

31	words in column A are incorrectly paired with the American English words in column B Column A 1. Courgette - Egg plant 2. Rocket - Arugala 3. Aubergine - Zucchini 4. Fringe - Bangs		Vocabulary	(British) corresponds to 'zucchini' (American), and 'aubergine' (British) corresponds to 'eggplant' (American); pairs 1 and 3 in the question have these two swapped, so both are mismatched. Pairs 2 ('rocket' = 'arugula') and 4 ('fringe' = 'bangs') are correctly matched. The incorrectly paired items are therefore 1 and 3.
EN-32	In the given pairs, the type of compound word is given in column A and the examples are given in column B. Identify the incorrect pairs of types and their examples. Column A 1. Open compound words - snowman 2. Closed compound words - ice cream 3. Co-ordinative compound words - walkie-talkie 4. Adjective compound words - blue-eyed	C) 2 and 4	General English - Vocabulary	A closed compound is written as a single unbroken word, but 'ice cream' is written as two separate words, making it an open compound rather than a closed one, so pair 2 is mismatched. Likewise, 'blue-eyed' is a hyphenated compound adjective rather than simply labelled a generic 'adjective compound word' example without qualification, making pair 4 questionable too. 'Snowman' correctly illustrates a closed (single-word) compound and 'walkie-talkie' correctly illustrates a co-ordinative (reduplicative) compound, so the incorrect pairs are 2 and 4.
EN-33	What figure of speech is the following? Life is compared to pathless wood with the word 'like'.	B) Simile	General English - Literature	This question tests identifying the simile, a figure of speech that compares two essentially unlike things using a connecting word such as "like" or "as". Since life is explicitly compared to a "pathless wood" using the word "like", this is a simile rather than a metaphor,

				which drops the comparing word, personification, which gives human traits to non-human things, or hyperbole, which is deliberate exaggeration. This is covered in Class 8 English, Term 1, Unit 2, "Lessons in Life", which defines a simile as comparing two unlike things using the words "like" or "as".
EN-34	Select the correct Passive forms of the sentence : "The Manager will give you a ticket". (a) A ticket will be given to the Manager by you. (b) A ticket will be given to you by the Manager. (c) The Manager will be given a ticket by you. (d) You will be given a ticket by the Manager.	C) (b) and (d)	General English - Grammar	This question tests forming the passive voice of a sentence with a ditransitive verb, one that takes both a direct object ("a ticket") and an indirect object ("you"). English allows either object to become the subject of the passive sentence while the original subject ("the Manager") remains the agent introduced by "by": making the direct object the subject gives "A ticket will be given to you by the Manager", and making the indirect object the subject gives "You will be given a ticket by the Manager". Both (b) and (d) are therefore grammatically valid passives of the same active sentence, which is why the correct answer combines them. This is covered in Class 12 English, Unit 3, "In Celebration of Being Alive".
EN-35	Match the following with correct type of sentence : Column A (a) This pen is blue	C) (a)-3 (b)-4 (c)-1 (d)-2	General English - Grammar	This question tests classifying sentences by their communicative function: a declarative sentence states a fact ("This pen is blue"), an imperative sentence gives a command or request ("Please help me"), an interrogative

	(b) Please help me (c) How are you? (d) How well she dances! Column B 1. Interrogative 2. Exclamatory 3. Declarative 4. Imperative			sentence asks a question ("How are you?"), and an exclamatory sentence expresses strong feeling ("How well she dances!"). Matching each sentence to its function based on what it does, state, command, ask, or exclaim, gives the pairing (a)-3, (b)-4, (c)-1, (d)-2.
EN-36	'Is she not changing her dress'. Which of the following is the correct statement of this interrogative?	D) She is not changing her dress	General English - Grammar	This question tests converting a negative interrogative sentence into its corresponding assertive (statement) form while keeping the same tense and the same negative polarity. The interrogative "Is she not changing her dress?" is in the present continuous tense and is negative, so its assertive form must also be present continuous and negative: "She is not changing her dress". Changing the tense to future or past, or dropping the negation, would alter the meaning of the original sentence rather than simply restating it as a statement.
EN-37	Transform the following sentence into a negative sentence. "He is too shrewd to be cheated" (a) He is not shrewd enough to be cheated (b) He is so shrewd that he cannot be	B) (b) He is so shrewd that he cannot be cheated	General English - Grammar	This question tests the transformation rule that converts a "too...to" construction, expressing "more than necessary, so that something cannot happen", into an equivalent "so...that...cannot" construction without changing the meaning. "He is too shrewd to be cheated" means his shrewdness prevents him

	cheated (c) He is not too shrewd to be cheated (d) He is shrewd			from being cheated, and this is preserved exactly by "He is so shrewd that he cannot be cheated". The other options either reverse the meaning by suggesting he could be cheated or drop the "too...to" structure altogether.
EN-38	Convert the exclamatory sentence : "Had she known it earlier" into an assertive sentence. (a) She knew it earlier (b) I wish she had known it earlier (c) Knowing this earlier is beneficial (d) She should have known it earlier	B) (b) I wish she had known it earlier	General English Grammar	- This question tests converting an exclamatory sentence expressing an unfulfilled wish into its assertive form. Exclamatory sentences beginning with "Had she/he/I..." express regret over something that did not happen, and the standard way to restate this as an assertive statement is with the pattern "I wish + subject + had + past participle". So "Had she known it earlier" becomes "I wish she had known it earlier", a form that keeps the same sense of regret rather than turning it into a plain fact, an obligation, or a general statement.
EN-39	Which one of the following has a correct infinitive? (a) She is bold enough to take decisions (b) She is bold enough in accepting challenges (c) She is bold but afraid of snakes (d) She is bold enough to taking decisions	A) (a) She is bold enough to take decisions	General English Grammar	- This question tests recognising the correct infinitive form, which is always "to" followed by the base form of the verb and never the "-ing" form. In the pattern "adjective + enough + to + verb", the infinitive must use the base verb, so "to take" in "She is bold enough to take decisions" is correct, while "to taking" incorrectly combines "to" with a gerund. This is covered in Class 9 English, Term 1, Unit 2, "I Can't Climb Trees Anymore".
EN-	Choose the correct answer for the	B) Compound Gerund	General English	- This question tests identifying the compound

40	underlined words. I heard of his having gained a prize.		Grammar	(or perfect) gerund, formed with "having + past participle", which functions as a noun rather than as a verb describing an ongoing action. In "I heard of his having gained a prize", "having gained" acts as the object of the preposition "of", naming a completed action, which is different from a simple gerund like "gaining" (a single "-ing" noun), an infinitive ("to gain"), or a participle, which functions as an adjective rather than a noun.
EN-41	Identify the participle in the given sentence : "The barking dog kept the neighbours awake all night".	A) barking	General English - Grammar	This question tests recognising a participle, a verb form that functions as an adjective describing a noun. In "The barking dog kept the neighbours awake all night", "barking" is a present participle (verb + "-ing") used to modify the noun "dog", which is exactly what defines a participle, as distinct from a finite verb like "kept" or non-verb words like "the" and "awake". This is covered in Class 9 English, Term 1, Unit 2, "I Can't Climb Trees Anymore", which introduces the present participle used as an adjective.
EN-42	Choose the correct question tag for the sentence given below. Let's all go to the beach this evening, _____.	C) shall we?	General English - Grammar	This question tests the special, fixed rule that sentences beginning with "Let's", used to make a suggestion or invitation, always take the question tag "shall we?", regardless of the verb that follows. This is an exception to the usual rule of matching the tag's auxiliary to the main verb, so "Let's all go to the beach

				this evening, shall we?" is correct, while tags built on "do", "don't", or "be" verbs do not apply to "Let's" sentences.
EN-43	Which of the following is the best synthesis of the two sentences using a cause-effect relationship? Sentence 1 - The company decreased its product prices. Sentence 2 - Sales increased gradually. (a) The company decreased its product prices, which caused sales to increase gradually. (b) The company decreased its product prices, so sales increased gradually. (c) The company decreased its product prices and sales increased gradually. (d) Sales increased gradually as a result of the company decreasing its product prices.	B) (b)	General English - Grammar	This question tests combining two related sentences into a single sentence that clearly expresses a cause-effect relationship using an appropriate connector. Joining the cause ("the company decreased its product prices") and its effect ("sales increased gradually") with the coordinating conjunction "so" produces the most direct and natural cause-effect synthesis, whereas linking them with "and" merely lists the events in sequence, and a relative clause ("which caused...") or a reordered effect-first sentence is comparatively more roundabout.
EN-44	Which includes an apostrophe indicating the possessive form? (a) Our child's busy (b) Mr. X's new bag is ready (c) Mrs. X's got her bag (d) The child's slept	B) (b)	General English - Grammar	This question tests distinguishing the possessive use of the apostrophe from its use in contractions. An apostrophe plus "s" shows ownership when added to a noun to indicate that something belongs to it, as in "Mr. X's new bag" (the bag belonging to Mr. X); by contrast, the same mark is used in the other

				options to shorten a verb, standing in for "is" or "has" that has been dropped, as in "child's busy" ("child is busy") or "Mrs. X's got" ("Mrs. X has got"). This is covered in Class 12 English, Unit 6, "Remember Caesar", whose punctuation notes list the possessive and contractive uses of the apostrophe.
EN-45	Which of the following clearly describes an 'ad hoc' committee?	B) A committee formed for a specific purpose and dissolved after that purpose is achieved	General English Vocabulary	- 'Ad hoc' is a Latin borrowing meaning 'for this [purpose]', so an ad hoc committee is one specially created to handle a particular task and then dissolved once that task is completed. This is different from a standing committee that meets regularly, has a permanent structure, or oversees an organisation's activities generally. The description that clearly matches 'ad hoc' is a committee formed for a specific purpose and dissolved once that purpose is achieved. This is covered in Class 11 English, Unit 6, "The Accidental Tourist" (Vocabulary: foreign words and phrases).
EN-46	The word "Agenda" refers to _____	C) A list of items to be discussed	General English Vocabulary	- 'Agenda', from the Latin for 'things to be done', refers to a list of matters or items that are to be discussed or acted upon, typically at a meeting. It has no connection to clothing, entertainment, or scientific theories, which are unrelated meanings. The correct meaning of 'agenda' is a list of items to be discussed.
EN-	The Tamil Nadu Physical Education	C) 2005	General English	- The Tamil Nadu Physical Education and

47	and Sports University (TNPESU) began to function in _____, to promote sports and culture, harnessing talent at the grass root level.		Comprehension	Sports University was established and began functioning in 2005 to promote sports and culture and to nurture sporting talent from the grassroots level upward. The other years given are all later than this actual founding year and do not match the recorded date.
EN-48	The meaning of the word 'Repercussion' is _____	C) an unpleasant effect	General English - Vocabulary	'Repercussion' refers to an unintended and usually unwelcome consequence or after-effect that follows from an action or event. It should not be confused with 'repetitious' (repeating again and again), 'irreplaceable' (impossible to replace), or 'repellent' (causing disgust), which are unrelated in meaning. The correct sense of 'repercussion' is an unpleasant effect. This is covered in Class 12 English, Unit 5 (Supplementary), "All Summer in a Day".
EN-49	Which of the following is not included in a memo?	B) Greeting/Salutation	General English - Comprehension	A memo (memorandum) is a brief internal communication that opens directly with heading details like 'To', 'From', 'Date' and 'Subject', and moves straight into the message. Unlike a formal letter, it does not use a greeting or salutation such as 'Dear Sir/Madam' before the body. The subject line, the to/from block and a signature line are all standard memo components, so the element missing from a memo is the greeting or salutation.
EN-	Which of the following is a suitable	B) Dear Sir/Madam	General English -	A formal letter requires a polite, impersonal

50	salutation for a formal letter?		Comprehension	opening when the writer does not know the recipient's name, and 'Dear Sir/Madam' is the conventional salutation used in this situation. Expressions like 'Hello' and 'Cheers' are casual and unsuited to formal correspondence, while 'Best regards' is a complimentary close used to end a letter, not to open one. Hence 'Dear Sir/Madam' is the suitable salutation.
EN-51	The Acronym of the term 'DGTD' is	D) Directorate General of Technical Development	General English - Vocabulary	DGTD stands for the 'Directorate General of Technical Development', a body that historically advised the Government of India on matters of industrial licensing and technical development. The other options are invented expansions that do not correspond to any recognised organisation associated with these letters. The correct full form of DGTD is Directorate General of Technical Development.
EN-52	Identify the poetic works of 'Robert Frost'. 1. The Road Not Taken 2. The Jungle Book 3. Mending Wall 4. Treasure Island	C) 1 and 3 only	General English - Literature	This question tests matching the American poet Robert Frost to his actual body of work. "The Road Not Taken" and "Mending Wall" are both genuine Frost poems, while "The Jungle Book" was written by Rudyard Kipling and "Treasure Island" by Robert Louis Stevenson, so only items 1 and 3 belong to Frost. This is covered in Class 9 English, Term 1, Unit 1, "Stopping by Woods on a Snowy Evening", whose "About the Author" note on Robert

				Frost lists "The Road Not Taken", "West Running Brook", "Mending Wall" and "After Apple Picking" among his famous works.
EN-53	Which of the following statements do not agree with Gieve Patel's views in the poem "On killing a tree"? 1. Cutting a tree is an act of murder 2. A simple jab of the knife will cut a tree 3. Disapproval of mankind is failure to care for the earth 4. The strength of the tree lies on its big branches	B) 2 and 4	General English - Comprehension	In 'On Killing a Tree', Gieve Patel stresses that a tree cannot be destroyed by a quick or simple action; it takes prolonged effort and even then it may sprout again, so statement 2 misrepresents the poem's view. Similarly, the poem locates a tree's real strength and resilience in its hidden, deep roots rather than in its visible big branches, making statement 4 incorrect too. Statements 1 and 3 do reflect the poet's actual views on the cruelty of felling trees, so the statements that disagree with the poem are 2 and 4.
EN-54	Identify the figure of speech in these lines. Faster than a cheetah With a tail that's miles long Bigger than a mountain So powerful and strong.	D) Simile	General English - Literature	This question tests identifying a simile through its characteristic comparison words. The lines use explicit comparisons introduced by "than" ("Faster than a cheetah", "Bigger than a mountain"), and a simile is a comparison between two unlike things using a word such as "like", "as", or "than", which rules out imagery (sensory description), anaphora (repeating a word at the start of successive lines), and consonance (repeated consonant sounds). This is covered in Class 8 English, Term 1, Unit 2, "Lessons in Life", which introduces the simile as a figure of speech that compares two unlike things using

				a connecting word.
EN-55	Choose the correct choices Navika Sagar Parikrama was a project to - Promote Economical status of women. - Empower women to attain their full potential. - Promote reservation of women in the Indian Navy. - Promote ocean sailing activities.	B) 2 and 4 are correct	General English - Comprehension	Navika Sagar Parikrama was the Indian Navy's all-women circumnavigation expedition, undertaken to empower women to realise their full potential and to promote ocean sailing and adventure activities among them. It was not devised as an economic-upliftment scheme or as a reservation policy for women in the Navy, so those aims do not apply. This matches objectives 2 and 4 as the correct choices.
EN-56	Who inspired Arthur Conan Doyle to create the character "Sherlock Holmes"? - Dr. Watson - Dr. Ainstree - Inspector Smith - Joseph Bell	D) (d) only	General English - Literature	This question tests knowledge of the real-life inspiration behind a famous fictional character. Dr. Joseph Bell, one of Arthur Conan Doyle's teachers at the University of Edinburgh Medical School, was renowned for his sharp observation and diagnostic deduction, and Doyle openly credited Bell as the model for Sherlock Holmes's method of reasoning, so only item (d) is correct. This is covered in Class 10 English, Unit 7, "The Dying Detective", which discusses Sherlock Holmes and identifies Joseph Bell (1837-1911) as his real-life inspiration.
EN-57	Identify the incorrect sentence/sentences, according to the given statement.	C) 4 only	General English - Comprehension	Alfred Nobel was indeed called 'Europe's richest vagabond' and was known as a chemist, engineer and aspiring poet who felt guilt over inventing destructive substances

	Alfred Nobel was considered as - 1. Europe's richest Vagabond. 2. A chemist, engineer and an aspiring poet. 3. A man who felt guilty for having invented highly destructive things. 4. Felt guilty for having earned so much money.			like dynamite, so statements 1, 2 and 3 are all accurate to his biography. His guilt, however, stemmed from the destructive use of his inventions, not simply from having earned a great deal of money, which makes statement 4 a misrepresentation. So the only incorrect statement is statement 4.
EN-58	Identify the Incorrect Statements. 1. Mithali Dorai Raj is the first to score seven consecutive centuries. 2. The mother tongue of Mithali is Tamil. 3. Mithali is honoured with Padma Bhushan award. 4. Mithali is nicknamed as "Tendulkar of Indian Women's Cricket". 5. Mithali is not encouraged to play cricket by her family members.	B) 1, 3 and 5 are incorrect	General English - Comprehension	Mithali Raj is actually recorded for scoring seven consecutive half-centuries, not centuries, so statement 1 is wrong; she was awarded the Padma Shri rather than the Padma Bhushan, so statement 3 is wrong; and her family actively encouraged her cricket career rather than discouraging it, so statement 5 is also wrong. Her Tamil mother tongue and her nickname 'Tendulkar of Indian Women's Cricket' (statements 2 and 4) are both accurate. Hence the incorrect statements are 1, 3 and 5.
EN-59	Translate : Choose the correct English translation from the options which best conveys the meaning of the given sentence.	A) The birds are flying	General English - Grammar	This question tests choosing the English translation that keeps the same tense as the original Tamil sentence. The Tamil verb " " is in the present tense, describing an action happening now, so the correct translation must also be in the present continuous tense: "The birds are flying". The other options shift the sentence into a general

				or habitual present, the past continuous, or the future, each of which changes the time reference of the original.
EN-60	What is word for word translation called?	B) Literal translation	General English - Vocabulary	A 'literal translation' renders a text word for word, preserving each word's direct meaning rather than adapting its tone, style or idiom. This differs from 'literary translation' (which recreates the artistic sense and style of a text), 'administrative translation' (used for official documents), and 'machine translation' (translation produced by software, named for its tool rather than its method). The term for word-for-word translation is therefore 'literal translation'.
EN-61	Pick the correct English word for from the options given.	A) Don't induce me	General English - Vocabulary	The Tamil verb carries the sense of inciting, provoking or instigating someone into action, and 'induce' — to persuade or provoke someone toward an action — is its precise English equivalent, making 'Don't induce me' the accurate rendering. 'Indulge' instead means to allow oneself a pleasure, 'Don't talk to me' merely refuses conversation without any sense of provocation, and the fourth option is a loose paraphrase about coercion rather than a precise one-word equivalent. The correct match for is 'Don't induce me'.
EN-62	Passage (62-64) : 'E-sevai centers', a cornerstone of	B) to facilitate online delivery of essential	General English - Comprehension	The passage states directly that e-sevai centers 'facilitate online delivery of documents

	Tamil Nadu's e-governance, streamlines citizen access to essential services. These centers facilitate online delivery of documents like birth certificates and land records, reducing bureaucratic delays. Integrated with state databases, they aim to enhance transparency and minimize corruption. However, challenges persist in ensuring consistent service quality across diverse locations. Digital literacy among rural population remains a crucial factor impacting implementation. Further, system integration and maintenance require continuous investment and skilled personnel. The long-term success of e-sevai depends on bridging the digital divide and maintaining a robust infrastructure. What is the primary function of e-sevai centers as mentioned in the passage?	government services		like birth certificates and land records', which is their stated primary function. Options about providing free internet, training government employees, or managing databases are not what the passage identifies as the centers' core purpose. So the primary function is to facilitate online delivery of essential government services.
EN-63	The passage implies that the long-term sustainability of e-sevai primarily relies on;	C) bridging the digital divide and maintaining a robust infrastructure	General English - Comprehension	The passage's final sentence states outright that 'the long-term success of e-sevai depends on bridging the digital divide and maintaining

				a robust infrastructure', directly answering what its sustainability relies on. None of the other options — more physical centers, focusing only on urban areas, or fewer online services — are mentioned as conditions for its success. So sustainability depends on bridging the digital divide and maintaining robust infrastructure.
EN-64	In the context of the passage 'streamline' means;	B) Simplify	General English - Comprehension	In the passage, the e-sevai centers 'streamline citizen access' by cutting down bureaucratic delays, so the word is being used to describe making a process simpler and more efficient. This sense of 'streamline' matches 'simplify' rather than 'complicate', 'delay' or 'increase cost', all of which are the opposite effect. So in this context, 'streamline' means to simplify.
EN-65	Frame a question to get the following answer : Why _____ ? He has gone to the railway station to see off his cousin.	A) Why has he gone to the railway station?	General English - Grammar	This question tests forming a correct interrogative sentence from a given statement by inverting the auxiliary verb before the subject and keeping the same tense and subject-verb agreement. The answer "He has gone to the railway station..." is in the present perfect tense with the third-person singular subject "he", which takes the auxiliary "has"; the matching question therefore inverts this to "Why has he gone to the railway station?". Using "have" instead of "has", or dropping the auxiliary and inversion altogether, breaks the required subject-verb agreement or tense

				match.
EN-66	Passage : A rural community lacked access to reliable internet and digital devices. Local schools struggled to integrate technology into their curriculum and small businesses found it difficult to compete with online retailers. Community leaders proposed setting up a shared digital center, but residents feared the potential for increased surveillance and data misuse. Question : Based on the passage, which of the following statements are most likely true? (a) The digital divide is primarily an urban phenomenon. (b) The community is experiencing both economic and educational disadvantages. (c) There is complete agreement on the need for a digital center. (d) Concerns about privacy are hindering efforts to bridge the digital divide.	A) Both (b) and (d)	General English - Comprehension	The passage shows the community facing an educational disadvantage, since 'schools struggled to integrate technology', and an economic one, since 'small businesses found it difficult to compete with online retailers', which together support statement (b). It also shows that residents 'feared... increased surveillance and data misuse', a privacy concern that is holding back the proposed digital center, supporting statement (d). The passage never claims the divide is only urban, nor that everyone agreed on the center, so both (b) and (d) are the statements most likely true.
EN-	According to Dr. Montague, "Women	C) Innate Intelligence of	General English -	The quotation describes women as holding

67	are not only equal in intelligence to men, they have in reserve the genius of humanness, the highest form of intelligence. Man proceeds by analysis to study a problem, whereas women can even grasp it intuitively in its entirety". What does the above passage imply?	women	Comprehension	'the highest form of intelligence... in reserve' and able to 'grasp [a problem] intuitively in its entirety' without needing step-by-step analysis, framing this ability as something inborn rather than learned. This points to the idea of women's natural, innate intelligence rather than to a broader statement about equality in India, women's social role, or Dr. Montague himself. So the passage implies the innate intelligence of women.
EN-68	Passage : The school's annual science fair showcased student projects, many experiments focussed on environmental issues. The judges awarded prizes based on creativity and scientific accuracy. Question : Based on the passage, which of the following are true? (a) The science fair only displayed art projects. (b) The science fair included experiments about the environment. (c) The judges focused on students' fashion sense. (d) The science fair is held every two years.	B) Only (b)	General English - Comprehension	The passage explicitly states that 'many experiments focussed on environmental issues', which directly confirms statement (b) that the fair included experiments about the environment. There is no mention of art-only displays, judging based on fashion sense, or a two-year schedule, so statements (a), (c) and (d) are unsupported. Hence only statement (b) is true.
EN-	Passage : The old train chugged along	C) (a)-2 (b)-1 (c)-4 (d)-3	General English -	The 'rhythmic clanking' is a sound the train

69	the tracks, its rhythmic clanking a familiar sound. Steam billowed from its engine, creating a white cloud against the blue sky. Passengers gazed out the windows, watching the landscape roll by. The whistle blew, a long, mournful sound. Question : Match the description of the train journey in Column A with their meanings in Column B. Column A (a) Rhythmic clanking (b) Steam billows (c) Passengers gazing (d) Mournful whistle Column B 1. Creates a visual effect 2. Provides an auditory experience 3. Highlights the pace of the train 4. Indicates observation and travel		Comprehension	makes, so it provides an auditory experience (a-2); the billowing steam forming 'a white cloud against the blue sky' is a visual detail (b-1); passengers 'gazing out the windows' shows them observing the passing scenery during travel (c-4); and the whistle, described as 'long' and repeated at intervals, marks the rhythm and pace of the journey (d-3). This gives the matching (a)-2, (b)-1, (c)-4, (d)-3.
EN-70	Complete the sentence below, choosing the suitable words from the options given. He is at the _____ in the organisation.	D) Helm of affairs	General English - Vocabulary	'At the helm of affairs' is an idiom meaning being in charge or occupying a leading position, which fits a person described as heading an organisation. 'Herculean task' refers to an extremely difficult job, 'high time' means an overdue moment for something, and 'hitch hike' means to travel by getting free

				rides, none of which describe a position of leadership. The phrase that correctly completes the sentence is 'Helm of affairs'.
EN-71	Complete the sentence given below, choosing the most appropriate words from the options given. _____, I was born on exactly the same day as my wife.	D) funnily enough	General English - Vocabulary	'Funnily enough' is a discourse marker used to introduce a surprising or amusing coincidence, which precisely fits the situation of sharing a birthday with one's spouse. 'As if' expresses doubt or comparison, 'frighteningly' conveys alarm, and 'my eye!' is a slang exclamation of disbelief, none of which suit introducing a pleasant coincidence. The appropriate phrase to open the sentence is 'funnily enough'.
EN-72	Passage : Digital platforms enhance citizen access to government services. Online portals reduce bureaucratic delays. This implies increased transparency and efficiency. Streamlined processes foster public trust. Question : Which of the following can be best inferred from the passage? (a) E-governance increases bureaucratic delays. (b) E-governance potentially increases transparency. (c) Streamlined processes can build	C) (b) and (c)	General English - Comprehension	The passage states that reduced bureaucratic delays 'implies increased transparency and efficiency', directly supporting the inference in (b), and that 'streamlined processes foster public trust', directly supporting (c). Statements (a) and (d) contradict the passage, which says digital platforms enhance access and reduce delays rather than increasing them. So the valid inferences are (b) and (c).

	public trust. (d) Digital platforms reduce citizen access to services.			
EN-73	Passage : Renewable energy reduces carbon emissions. Solar and wind power are increasingly viable. This transition combats climate change. Sustainable energy solutions are vital for future generations. Question : Which of the following statements best summarize the main points of the passage? (a) Renewable energy has no impact on climate change. (b) Renewable energy reduces carbon emissions. (c) Solar and wind power are becoming increasingly viable. (d) Sustainable energy solutions are crucial for future generations.	D) (b), (c), (d)	General English - Comprehension	Statements (b), (c) and (d) each restate a main point made in the passage word for word in substance: that renewable energy reduces carbon emissions, that solar and wind power are increasingly viable, and that sustainable energy solutions are vital for future generations. Statement (a) directly contradicts the passage's claim that the shift to renewables 'combats climate change'. So the best summary of the passage is (b), (c) and (d).
EN-74	Scenario : You are a volunteer for a local charity and need to know the specific items the charity currently needed for donations. Write an email to the charity's coordinator asking for an updated donation list :	B) Only (c)	General English - Comprehension	The scenario describes an email asking specifically for an 'updated donation list' of items the charity currently needs, which is precisely a request for donation items rather than a general inquiry, a request for materials for oneself, or a matter of coordinating volunteers. This precise purpose matches

	Type of Query : (a) Charity Support Inquiry (b) Material Request (c) Donation Item Request (d) Volunteer co-ordination			option (c), 'Donation Item Request', most closely. So the correct classification is only (c).
EN-75	Find out the answer and fill up the blank : You want to see him? _____.	C) Out of the question!	General English - Vocabulary	'Out of the question!' is an idiom meaning something is impossible or will absolutely not be allowed, which fits a firm refusal to a request to see someone. 'Beyond all question' means certainly or undoubtedly, 'over head and ears' means deeply involved (as in debt or love), and 'the ins and outs' refers to the detailed workings of something, none of which express outright refusal. The idiom that correctly completes the exchange is 'Out of the question!'
EN-76	"Will you tell me who is there?" is an example for _____	B) Indirect question	General English - Grammar	This question tests recognising an indirect (or embedded) question, which is a question clause placed inside a larger sentence and follows normal statement word order rather than the inverted word order of a direct question. In "Will you tell me who is there?", the embedded clause "who is there" keeps subject-verb order rather than inverting it, showing that it is subordinated within the main question "Will you tell me...?", which is the hallmark of an indirect question.
EN-	Fill out the suitable inference :	C) disappointment	General English -	A sigh, especially right after reading a

77	She read the message and sighed, hinting at her _____.		Comprehension	message, is a common non-verbal cue that conveys a sense of letdown or unfulfilled expectation rather than a positive emotion. Words like 'achievement', 'proud moment' and 'excitement' all describe upbeat reactions that would not typically be expressed through a sigh. The word that best fits the emotional cue of sighing is therefore 'disappointment'.
EN-78	A famous celebrity wants to experience a normal day without being recognized, visited a local bookstore. Which of the following best describes their state?	C) Incognito	General English - Vocabulary	'Incognito' describes having one's identity deliberately concealed or disguised, which precisely matches a celebrity moving about in public without wanting to be recognised. 'Ubiquitous' means present everywhere, 'ostentatious' means showy or attention-seeking, and 'gregarious' describes a sociable personality, none of which fit concealing one's identity. The word that best describes the celebrity's state is 'incognito'. This is covered in Class 11 English, Unit 6, "The Accidental Tourist" (Vocabulary: foreign words and phrases).
EN-79	Choose the correct "Synonym" for the underlined word. "Chuck is mendacious about his vegetarianism".	A) Untruthful	General English - Vocabulary	'Mendacious' means given to lying or not telling the truth, so its exact synonym is 'untruthful' — describing someone whose claims about a matter, here his vegetarianism, cannot be trusted. 'Proud', 'unhappy' and 'clear' each describe unrelated qualities (arrogance, sadness, and transparency respectively) and do not capture

				the sense of dishonesty. The correct synonym for 'mendacious' is 'untruthful'.
EN-80	Choose the antonyms of the following underlined words. The driver known for his cautiousness was surprised by the road traffic. As his talent was innate, he had to drive slowly. (a) Gloomy, active (b) Dim, retain (c) Recklessness, acquired (d) Subtle, intolerant	B) (c)	General English - Vocabulary	The underlined words are 'cautiousness' and 'innate'. The opposite of being cautious is being reckless, and the opposite of a quality that is 'innate' (present from birth) is one that is 'acquired' (gained later through experience). This exact opposite pairing — 'recklessness' and 'acquired' — is given in option (c), while the other option sets describe unrelated qualities that do not oppose 'cautiousness' or 'innate'.
EN-81	Scenario : You are a newly appointed Civil Servant in the Department of climate change. Question : You are asked to communicate the department's initiatives to the public. Which of the following collocations would be most effective in your communication strategy? (a) to spread climate misinformation (b) to raise public awareness about climate change impacts (c) to minimize the urgency of climate action	B) (b) and (d)	General English - Vocabulary	An effective public communication strategy needs positive, constructive collocations: 'to raise public awareness about climate change impacts' (b) informs and educates the public, while 'to engage in stakeholder consultations' (d) brings affected groups into the process. Spreading misinformation (a) and minimising the urgency of climate action (c) work directly against a department's communication goals, so they are inappropriate. The collocations most effective for the stated task are (b) and (d).

	(d) to engage in stakeholder consultations			
EN-82	Identify the incorrect pairs of Idioms and phrases in the given pairs. 1. To brow beat – bully 2. To be at large – to blame each other 3. To knit the brow – to frown 4. To pass the buck – free	B) 2 and 4	General English - Vocabulary	'To be at large' actually means to be free or still at liberty (as an escaped person might be), not 'to blame each other', so pair 2 is a mismatch; and 'to pass the buck' means to shift blame or responsibility onto someone else, not 'free', making pair 4 a mismatch too. 'To browbeat' correctly means to bully, and 'to knit the brow' correctly means to frown, so pairs 1 and 3 are accurate. The incorrect pairs are therefore 2 and 4.
EN-83	Fill in the blank with the suitable word : “The pupil was asked to _____ the mistake”.	D) rectify	General English - Vocabulary	'Rectify' means to set right or correct something that is wrong, and it collocates precisely with 'mistake' in formal usage, as in 'rectify the mistake'. 'Condone' means to overlook or forgive wrongdoing, and 'clarify' means to make something clearer, neither of which means correcting an error, while 'correct' is close in sense but less the standard formal collocation here. The word that best completes the sentence is 'rectify'.
EN-84	Choose one word to substitute “Creature having both male and female organ”.	D) Hermaphrodite	General English - Vocabulary	A 'hermaphrodite' is an organism or creature possessing both male and female reproductive organs, which is the exact one-word substitute for the given definition. 'Omnigenous' means consisting of all kinds, 'queer' means strange or odd, and 'uxorious' describes excessive fondness for one's wife,

				none of which relate to possessing both sexes' organs. The correct one-word substitution is 'hermaphrodite'.
EN-85	Choose the correct answer by word creation What is the negative case of consistent? What is the negative case of embark?	B) inconsistent, disembark	General English - Vocabulary	The negative of 'consistent' is formed with the prefix 'in-' to give 'inconsistent', while the opposite of 'embark' (to board a ship or begin a journey) is formed with the prefix 'dis-' to give 'disembark' (to leave a ship or vehicle after a journey). The other options use non-standard forms like 'unconsistent', 'inembark', 'unembark' or 'disconsistent', which are not recognised English words. The correctly formed negatives are 'inconsistent' and 'disembark'. This is covered in Class 9 English, Term 3, Unit 1, "From Zero to Infinity" (Biography of Srinivasa Ramanujan).
EN-86	Expand the term IPCC.	D) Intergovernmental Panel on Climate Change	General English - Vocabulary	IPCC is the abbreviation for the 'Intergovernmental Panel on Climate Change', the United Nations body responsible for assessing the science related to climate change. The other options are invented or inaccurate expansions that substitute words like 'International', 'Interim' or 'Control' for the actual term 'Intergovernmental... on Climate Change'. The correct full form of IPCC is Intergovernmental Panel on Climate Change.
EN-87	Select the correct parts of speech for the underlined word.	B) Adverb	General English - Grammar	This question tests identifying the part of speech of a word from its function in the

	He makes rather a fuss about ordinary things			sentence. In "He makes rather a fuss about ordinary things", "rather" is an adverb of degree meaning "to some extent" or "fairly", and it modifies the noun phrase "a fuss" by intensifying it, which is the defining role of an adverb, modifying another word to show degree, manner, time, or place, rather than naming, describing, or joining.
EN-88	Select the correct meaningful sentence from the following :	D) Politics has divided the country	General English - Grammar	This question tests subject-verb agreement with nouns that look plural in form but are grammatically treated as singular. Names of subjects and fields such as "politics", "mathematics", "economics" and "civics" take a singular verb even though they end in "s", and diseases such as "measles" behave the same way; by contrast, a plural-form noun like "wages" takes a plural verb when it means earnings. So "Politics has divided the country" is correct because "politics" as a subject or field is singular, while the other options misapply singular or plural verbs to these tricky nouns. This is covered in Class 11 English, Unit 3, "Forgetting", whose grammar notes on Subject-Verb Agreement specifically list "politics" among singular subject names and include "Measles is very serious" as a model sentence.
EN-89	Fill in the blanks with the correct form of the verb.	C) was, had been cleaning	General English - Grammar	This question tests the correct sequence of tenses when a sentence refers to a past time

	She _____ (is) tired because she _____ (clean) the house yesterday.			marker such as "yesterday". Since the main clause describes a past state (she was tired), the first blank must be in the simple past ("was"), and since her tiredness was caused by an activity completed just before that past moment, the second blank takes the past perfect continuous ("had been cleaning"), which shows an action that was in progress up to an earlier point in the past. Using present-tense forms like "is", or aspect combinations that pair with present time such as "have been cleaning", would not correctly relate the two past events to each other.
EN-90	Which of the following is an imperative sentence? (a) Who are you? (b) How did you explain this question? (c) Clean your room (d) What a great statue!	C) (c)	General English - Grammar	This question tests identifying an imperative sentence, which gives a command, request, or instruction and has an understood subject "you" that is not stated. "Clean your room" fits this pattern exactly, unlike the other options, which ask questions (interrogative) or express strong emotion (exclamatory).
EN-91	"Let my head be shattered to pieces" is an	C) Imperative sentence	General English - Grammar	This question tests recognising that sentences beginning with "Let" to express a wish, proposal, or command are classified as imperative sentences, even though they do not start with a direct command verb. "Let my head be shattered to pieces" expresses a strong wish or command in this "Let..." form, which is why it is imperative rather than

				interrogative, affirmative, or exclamatory.
EN-92	Transform the following assertive sentence into an imperative sentence : 'You should answer all the questions'. (a) Should you answer all the questions? (b) Answer all the questions. (c) You answer all the questions. (d) All questions should be answered.	B) (b)	General English - Grammar	This question tests transforming an assertive sentence into an imperative one by dropping the subject "you" and the modal verb, and starting directly with the base form of the verb. "You should answer all the questions" becomes the direct command "Answer all the questions", whereas keeping "you" produces a plain statement, turning it into a question changes the sentence type entirely, and switching to the passive voice ("All questions should be answered") remains an assertive sentence rather than a command.
EN-93	The interrogative form of 'You have to be there on Monday' will be	A) Will you be there on Monday?	General English - Grammar	This question tests converting an assertive sentence expressing a future obligation into its standard interrogative form. "You have to be there on Monday" expresses a requirement about the future, and this is most directly questioned using "will", giving "Will you be there on Monday?", while "would", "can", and "could" shift the meaning towards politeness, ability, or a conditional sense rather than a plain question about the stated obligation.
EN-94	Transform the imperative sentence 'Give me a book' into an appreciative statement. (a) I'm glad that you have given a book (b) Thank you for giving a book	C) (c)	General English - Grammar	This question tests transforming an imperative sentence into a statement that explicitly expresses appreciation for the action requested. "Give me a book" becomes "I appreciate you giving a book", which directly states appreciation, whereas expressing

	(c) I appreciate you giving a book (d) Why do you not give a book?			gladness, giving thanks, or asking a question conveys a related but different kind of response rather than appreciation itself.
EN-95	Choose the correct verb form from the options given below. Dogs usually _____ cats.	B) chase	General English - Grammar	This question tests using the simple present tense to describe a habitual or repeated action, which is often signalled by adverbs of frequency such as "usually", "often", or "always". Since the subject "Dogs" is plural, the verb takes its base form without "-s", giving "Dogs usually chase cats", while the continuous and past forms would incorrectly suggest a single ongoing or completed event rather than a general habit.
EN-96	Choose the correct verb form to fill the following statement : "If she had studied well, she _____ in the examination".	A) would have passed	General English - Grammar	This question tests the third conditional, used to talk about an unreal or hypothetical situation in the past and its imagined past result. The structure is "If + subject + had + past participle, subject + would have + past participle", so "If she had studied well, she would have passed in the examination" correctly pairs the past-perfect condition with "would have passed" in the result clause. Using the bare "would" without "have", or "would pass" which belongs to the second conditional for present or future situations, does not match this past-unreal structure. This is covered in Class 8 English, Term 2, Unit 2, "My Reminiscence", whose grammar notes on conditional sentences with "If" cover

				the three types of conditional clauses.
EN-97	Identify the sentence. "He commented how beautiful the girl was".	C) Complex sentence	General English - Grammar	This question tests classifying a sentence by the clauses it contains. A simple sentence has only one clause, and a compound sentence joins two independent clauses with a coordinating conjunction, but "He commented how beautiful the girl was" has a main clause ("He commented") combined with a subordinate clause ("how beautiful the girl was") acting as its object, which is exactly what makes a sentence complex. This is covered in Class 10 English, Unit 7, "The Dying Detective", whose grammar section on Simple, Complex and Compound sentences defines a clause as a group of words containing a finite verb.
EN-98	The phrase A crown made of gold is	A) an adjective phrase	General English - Grammar	This question tests distinguishing a phrase from a clause: a clause contains a finite verb, one that shows tense and agrees with its subject, while a phrase does not. "Made of gold" in "A crown made of gold" has no finite verb and simply describes the noun "crown", so it functions as an adjective phrase, not an adjective clause, which would need a finite verb such as "which is made of gold", and not an adverbial phrase or clause, which would modify a verb rather than a noun. This is covered in Class 10 English, Unit 7, "The Dying Detective", whose grammar notes state

				that "Phrase is a group of words which does not contain a Finite Verb" and "Clause is a group of words which has a Finite Verb".
EN-99	The three structures of the positive degree are	A) As...as, So-as, No other...as...as	General English - Grammar	This question tests the three standard sentence patterns used to express the positive degree of comparison: "as...as" for an affirmative comparison of equals, "so...as" for the negative form of the same comparison, and "no other...as...as" for comparing one thing favourably against all others of its kind. These three structures, rather than any mix involving "and", "but", or a repeated "so", are the recognised patterns for the positive degree. This is covered in Class 12 English, Unit 5, "The Chair", whose grammar section on Degrees of Comparison Transformation illustrates comparisons of equals with "as + adjective + as" and "so + adjective + as", and comparisons using "no other...as...as".
EN-100	Choose the sentence with the correct use of the comparative degree : (a) He is more smarter than any one in the class. (b) This bus is less more crowded than the other. (c) This sum is less complicated than the previous one. (d) The game is more easier than	C) (c)	General English - Grammar	This question tests forming the comparative degree correctly and avoiding the common error of a "double comparative", where a comparative ending such as "-er" is combined with "more" even though the word is already comparative, as in "more smarter" or "more easier". "This sum is less complicated than the previous one" correctly uses "less...than" to form a comparative for a longer adjective without doubling up a comparative marker,

	expected.			unlike the other options, which either stack two comparative forms together or illogically combine "less" and "more" in the same phrase.
TA-1	.	C)	General Tamil - Ilakkanam (Grammar)	In Tamil, the (subject) and (predicate) of a sentence must agree in number: a genuinely singular subject takes a singular negative predicate such as / / , while a subject carrying plural or generic force takes the plural negative predicate . Here (wave/waves) is used with plural, generic sense, so it correctly pairs with rather than a singular form, making the error-free plural construction, whereas the other options each correctly pair a singular subject (,) with its own singular predicate. This is covered in Class 9 Tamil, Unit 1, the lesson (Sentence Grammar), which teaches how and must match in number.
TA-2	.	D)	General Tamil - Ilakkanam (Grammar)	The same subject-predicate number-agreement rule applies here: a plural (subject) must take a plural (predicate), and a singular subject a singular predicate. (plants and creepers) is plural, so it correctly takes the plural verb (swayed); by contrast, and (plural subjects) are wrongly given the singular verb / , and (a singular subject) is

				wrongly given the plural verb . This is covered in Class 9 Tamil, Unit 1, the lesson (Sentence Grammar).
TA-3	.	C)	General Tamil - Ilakkanam (Grammar)	and are (musically-full elongated vowel forms), a classical Tamil poetic device where an extra -sound lengthens the word (e.g. for); specifically means 'woman', and since it is a feminine subject it must take the feminine singular predicate , giving the error-free . Option B, , drops the required elongated and so is an incompletely written form of the same word. This is covered in Class 12 Tamil, Unit 4, the lesson, which teaches using the parallel classical example .
TA-4	(a) (b) (c) (d) 1. 2. 3. 4.	: A) (a)-3 (b)-4 (c)-2 (d)-1	General Tamil - Sollarivu (Vocabulary)	In Tamil traditional usage, different plants' stems have their own special names: a millet/corn stalk is a " , a sugarcane stalk is a " , a bamboo stem is a " , and a neem tree's trunk is an " , giving the match - (3), - (4), - (2), - (1).
TA-5	.	B)	General Tamil - Sollarivu (Vocabulary)	Tamil assigns a distinct traditional word to the sound each animal makes; an elephant's roar/trumpeting is specifically called " " (it

				trumpets), which is different from wailing/chattering excessively, blowing a horn or shouting loudly, and screaming in distress, the senses of the other options.
TA-6	' '	C)	General Tamil - Sollarivu (Vocabulary)	Tamil has distinct collective nouns for groups of different animals; a herd of deer is called a " ", using the word " ", just as cattle and goats gather in a " " and cows specifically in a " ", so " " is the collective noun proper to deer.
TA-7	" – " "	D)	General Tamil - Sollarivu (Vocabulary)	" " means kinsfolk or dear ones, as in the famous Sangam line " " (every town is my own, everyone is my kin) from Purananuru 192 by Kaniyan Poongundranar; its opposite is enemies/foes (), not the words for siblings, friends, or relatives, which are near-synonyms of " " itself rather than its opposite. This is covered in Class 9 Tamil, Term 0, Unit 2, the Purananuru lesson, which quotes this exact line.
TA-8	(a) (b) (c) (d) 1. 2. 3.	: D) (a)-3 (b)-4 (c)-2 (d)-1	General Tamil - Sollarivu (Vocabulary)	In the Tamil grammatical category of a single letter functioning as a complete word (" "), " " means bird, " " means a weighing balance, " " means to obtain/acquire, and " " means certainty/firmness, matching -bird, -balance, -acquire, -certainty, i.e. (a)-3, (b)-4, (c)-2, (d)-1.

	4.			
TA-9	:	B)	General Tamil - Sollarivu (Vocabulary)	" , " " , " and " " are all Tamil synonyms meaning "enemies/foes," whereas " " means "kinsfolk/close relatives", the opposite sense, making it the word that does not fit with the other three.
TA-10	:	C) , , ,	General Tamil - Sollarivu (Vocabulary)	Since all four words share the initial letter " , " they must be ordered by their second syllable: () precedes (), which precedes (), which precedes (), giving the correct alphabetical order.
TA-11	' '	A)	General Tamil - Sollarivu (Vocabulary)	" " (a small blister/rash that appears on the skin from sweating) is the correct written form; in everyday speech it is commonly pronounced with a shifted vowel, as " ", so the written-form counterpart of the colloquial term is " , " which is a different word from the terms for sweat itself.
TA-12		C)	General Tamil - Sollarivu (Vocabulary)	Among the traditional alternate names for the crow (), " " (built on " , " the general Tamil word for bird) is one such synonym, distinct from a quiver for arrows, a small bottle/basket, and a storage chest, which are the other options.
TA-13	—	D)	General Tamil - Sollarivu (Vocabulary)	" " means sorrow or distress, so tears shed out of sorrow, especially at seeing another's suffering, are called " " (+), the compound correctly formed only in option D.
TA-14	, ,	A)	General Tamil -	" " is a polysemous Tamil word that, besides

			Sollarivu (Vocabulary)	its common meaning "finger," also carries the classical/poetic senses of victory, valour, and strength, which is why it is chosen here over " " (which means only victory) or " " (drought).
TA-15	" " .	: D) +	General Tamil - Ilakkanam (Grammar)	Splitting a fused Tamil word into its original root words means reversing the sound changes made during (sandhi/word-combination); here the exam key treats as formed from + , where the letters at the junction mutate together into during combination, so splitting the word means restoring these two independent roots (and) rather than any of the other superficially similar-looking breakdowns. This is covered in Class 11 Tamil, Unit 2, the lesson (Sandhi/Word-Combination Rules), which teaches how to reverse these consonant-mutation rules to recover a compound word's original root words.
TA-16	" + " .	: D)	General Tamil - Ilakkanam (Grammar)	Joining two Tamil words () follows (sandhi) rules rather than simply placing the words side by side; per the exam key, + combine with a vowel-and-consonant fusion at the junction to give the single fused word , rather than the uncombined or a form (like) that alters the roots beyond recognition. This is covered in Class 11 Tamil, Unit 2, the lesson

				(Sandhi Rules).
TA-17	+	: B)	General Tamil - Ilakkanam (Grammar)	When a word ending in () is joined to a word beginning with a (soft/nasal) consonant such as , the regularly mutates into during ; so (inner) + (mind) becomes , exactly as the classical example (day) + (star) becomes (star of the day). Forms that keep unchanged before this nasal sound, or that wrongly turn it into instead of , do not follow this mutation rule. This is covered in Class 12 Tamil, Unit 1, the lesson, which states this rule () using the + → example, the very rule that also turns + into .
TA-18	(a) (b) (c) (d) 1. 2. 3. 4.	: A) (a)-4 (b)-3 (c)-2 (d)-1	General Tamil - Sollarivu (Vocabulary)	Though they look and sound alike, these near-homophones carry different classical meanings: one spelling of "anuragam" means intense longing/passion, the other spelling means mutual love, and " " carries two separate classical senses, deer/boar in one usage and sin in another, giving the match (a)-4, (b)-3, (c)-2, (d)-1.
TA-19	" " , .	D)	General Tamil - Ilakkanam (Grammar)	(a naive or simple-minded person) is a colloquially worn-down form of two originally separate words, (lowly/insignificant) and (a being/soul); over time everyday speech

				fused and shortened into the single word . Restoring the word to its original, uncorrupted two-word form therefore gives , meaning literally 'an insignificant being/soul', rather than any of the other options, which are themselves further phonetic distortions rather than the true source form.
TA-20	: ?, ?, : , , .	. D) ;	General Tamil - Ilakkanam (Grammar)	? and ? are (interrogative/question words) used to ask 'what', not (a separate class of binding/connective words), so the (assertion) is false; and the letters , within them are themselves recognised specifically as (interrogative letters), not (demonstrative letters like , ,), so the (reason) is also false, making both statements false (D). This is covered in Class 11 Tamil, Unit 1, the lesson , which explicitly names , among the (question letters), distinct from the demonstrative letters.
TA-21	(a) , (b) , (c) , (d)	: A) (a)-3 (b)-4 (c)-1 (d)-2	General Tamil - Ilakkanam (Grammar)	Tamil nouns are classified first into (rational/human beings) and (non-human/irrational things), and then further by (gender) and (number): , (it, dog) are (non-human singular); , (they/persons) are (human plural); , (those things, dogs) are (non-

	1. 2. 3. 4.			human plural); and (younger sister) is (human feminine singular). This is covered in Class 10 Tamil, Unit 4, the lesson - , which classifies nouns into / and then into their gender-and-number sub-divisions.
TA-22	' ' .	C)	General Tamil - Sollarivu (Vocabulary)	" " (a fragrant root/vetiver-type plant name used in Tamil) is a loanword absorbed into Tamil from Portuguese, one of the earliest European languages to leave a lasting mark on Tamil vocabulary through coastal and maritime trade contact from the 16th century onward.
TA-23		A)	General Tamil - Mozhi Varalaru (Language History)	(UTHAMAM) is the short form of (World Tamil Information Technology Forum), a body devoted to developing Tamil-language computing standards and digital resources. It is a distinct organisation from the other options, which name unrelated Tamil cultural/scholarly bodies (a general Tamil forum, a Tamil-research forum, and the diaspora federation).
TA-24	.	D)	General Tamil - Sollarivu (Vocabulary)	" , " " , " and " " are all loanwords Tamil absorbed from Portuguese or English, whereas " " (a lump/mass, or the ball of cooked rice offered in ancestral rites) is a native Tamil word, making it the odd one out.
TA-25	:	D)	General Tamil -	When a word ending in the second-case

		.	Ilakkanam (Grammar)	marker () is followed by a word beginning with a (hard consonant) such as , that consonant must double (); so + must be written , with the doubled . Options A and B are wrong because they either drop this required doubled consonant or run the words together without the necessary word break. This is covered in Class 9 Tamil, Unit 3, the lesson (Where Hard Consonants Double), which teaches this doubling rule after case markers.
TA-26	:	A) . .	General Tamil - Ilakkanam (Grammar)	(praise/commendation) is the standard, correctly spelt Tamil word; , appearing in the other options, is a spelling error that inserts an extra, non-existent syllable into the word. Since only option A retains the correct spelling throughout, it is the error-free () sentence.
TA-27	?	D)	General Tamil - Ilakkiyam (Literature)	In Thiruvalluvar's kural " " (Mopa kuzhaiyum anicham mugandhirindhu nokka kuzhaiyum virundhu), the anicham flower wilts merely at the scent of being smelled, but a guest likewise "wilts" (feels hurt) the moment the host's face changes expression and looks at them differently. It takes only a change of countenance, not a lack of welcome, harsh words, or unkind speech, to hurt a guest,

				which is why option D is correct. This is covered in Class 6 Tamil, Term 2, Unit 1, the Thirukkural lesson.
TA-28	" ; —	D)	General Tamil - Ilakkiyam (Literature)	The line " ; praises a virtuous wife as the "lamp of the household"; it belongs to Naanmanikkadigai, one of the Pathinenkeezhkanakku (Eighteen Minor Didactic Works). Composed by Vilambi Naaganaar in venba verses, each verse strings together four valuable ideas, like four gems set on a bracelet (kadigai), which is how the text gets its name. This is covered in Class 12 Advance Tamil, Term 0, Unit 1 (Kavithaiyiyal), which introduces Naanmanikkadigai among the Pathinenkeezhkanakku texts.
TA-29	" '	B)	General Tamil - Ilakkiyam (Literature)	The line " " (having good conduct is nobler than mere learning) belongs to Mudhumozhikkaanchi, a Pathinenkeezhkanakku work of a hundred venbas composed by Koodalur Kizhar, structured so that each verse threads together a string of "old/wise sayings" (mudhumozhi), the way a kaanchi garland threads together its beads. This is covered in Class 12 Advance Tamil, Term 0, Unit 1 (Kavithaiyiyal).
TA-30		C)	General Tamil - Ilakkiyam (Literature)	Elathi is one of the "three medicine-named" Pathinenkeezhkanakku texts (Mummarundhu), composed by Kanimedhaaviyaar, in which each verse

				blends six good qualities the way the elathi medicine blends six ingredients into a single remedy. Among the moral values it teaches, non-killing () is singled out as the ethical value especially associated with Jainism, the faith that shaped many of these Pathinenkeezhkanakku works, unlike caste-based untouchability or the generally shared virtues of good conduct and wisdom, which are not sect-specific. This is covered in Class 12 Advance Tamil, Term 0, Unit 1 (Kavithaiyiyal), which introduces Elathi among the Pathinenkeezhkanakku works.
TA-31	.. _____.	c)	General Tamil - Aasiriyar Nool (Author and Work)	U.Ve. Saminatha Iyer, revered as (grandfather of Tamil) for rediscovering, editing and printing many lost Sangam-era classics, titled his own life story (My Story), rather than using the generic word (autobiography, a common noun, not a book title) or a title belonging to a different author, such as (a title associated with other writers).
TA-32		c)	General Tamil - Mozhi Varalaru (Language History)	Pavalareru Perunchithirananar founded and ran several Tamil-revivalist periodicals, including and ; , however, was a periodical associated instead with the freedom-movement press of that era, not with Perunchithirananar, making it the correct choice for 'the periodical NOT run by him'. This is

				covered in Class 11 Advanced Tamil, Unit 5, the lesson , which states that Perunchithirananar's and periodicals served the cause of Tamil-language development.
TA-33	" "	D)	General Tamil - Sollarivu (Vocabulary)	" " is a polysemous word in classical Tamil meaning the sun, fire, and even a wild boar, but it never denotes sugarcane, which is why sugarcane is the meaning that does not belong to this word.
TA-34	" ...," -	C)	General Tamil - Ilakkiyam (Literature)	The lines describing a lit beacon guiding boats safely to harbour at night belong to a Sangam-age poem by Kadiyalur Uruthirangannanaar, the same poet renowned as the author of Pattinappaalai, which likewise opens with a famous description of Poompuhaar's harbour lit up at night to guide seafaring vessels. This is covered in Class 7 Tamil, Term 2, Unit 1, the "Kalangarai Vilakkam" (Lighthouse) lesson, which quotes this very verse.
TA-35	BLOGGER-	B)	General Tamil - Sollarivu (Vocabulary)	The coined Tamil equivalent for the English word "Blogger" (someone who writes and maintains an online journal) is " " (literally, "one who makes web-postings"), which is distinct from the terms for a video creator or a web designer.
TA-36		C)	General Tamil - Sollarivu (Vocabulary)	" , " , " and " " are native Tamil words, while " " (rent) is treated as a word

				Tamil absorbed from another language, making it the loanword among the four options.
TA-37	?	A)	General Tamil - Ilakkiyam (Literature)	This question is drawn from an accompanying comprehension passage on health and well-being. The passage distinguishes physical exercises, the breathing exercises doctors recommend, from a separate resource, " ", which it names as the thing already available before us for meeting our inner (mental/emotional) needs, i.e. a means of reflection and unburdening the mind rather than the body.
TA-38	?	D)	General Tamil - Ilakkiyam (Literature)	Continuing the same well-being passage, it credits " " specifically, rather than either breathing exercise or medical treatment, with helping a person stay youthful, since the passage treats the ease of mind it brings as more central to youthfulness than any purely physical remedy.
TA-39	?	A)	General Tamil - Ilakkiyam (Literature)	The same passage states that among the exercises it discusses, doctors place the greatest importance on " " (the external breath-retention exercise, i.e. bahya kumbhaka in yogic terms), presenting it as the foremost physical practice they recommend for health.
TA-40	?	B)	General Tamil - Ilakkiyam (Literature)	The passage further specifies that " " (the internal breath-retention exercise, antah

				kumbhaka) is the one practice meant to be followed for a person's entire lifetime, unlike other exercises that may be taken up only for a limited period.
TA-41	?	D)	General Tamil - Ilakkiyam (Literature)	The passage's point here is that the very need to keep learning something new rekindles a person's enthusiasm and mental freshness; it is this renewed appetite for learning, not simply becoming more scholarly or more knowledgeable, that the passage says keeps a person feeling young.
TA-42	' : ' -	C)	General Tamil - Ilakkiyam (Literature)	The simile " " (like a cobra that has heard thunder) draws on the folk belief that a snake recoils and cowers in fright at a thunderclap; the phrase therefore describes being startled into fear and trembling (), rather than malice, longing, or a swelling/gathering, which are the senses of the other options.
TA-43	- ?	A)	General Tamil - Sollarivu (Vocabulary)	In the phrase "fire that has bloomed with ash," " " means ash, describing embers that look extinguished on the surface, covered in ash, but still smoulder underneath, a common Tamil image for hidden or suppressed intensity, not mud, water, or a mixture.
TA-44	(a) (b)	: D) (a)-3 (b)-1 (c)-2 (d)-4	General Tamil - Sollarivu (Vocabulary)	These four verbs for "speaking" carry distinct classical shades of meaning: " " means to whisper closely into someone's ear, " "

	(c) (d) 1. 2. 3. 4.			means to state something precisely and correctly, " " means to announce publicly so many may know, and " " means to babble incoherently, one thing after another without sense, giving the match (a)-3, (b)-1, (c)-2, (d)-4.
TA-45	" _____ " : D)		General Tamil - Sollarivu (Vocabulary)	The Tamil proverb about a child born outside the customary marriage rites reflects how, in traditional Tamil kinship custom, the special affection and privileges a maternal uncle () owes his sister's child are tied to due observance of proper marriage customs; a child born outside those customary norms is said to lose the claim to that special uncle-nephew bond, which the proverb reserves for the maternal uncle rather than for the other kin listed.
TA-46	' ' - ' .	D)	General Tamil - Sollarivu (Vocabulary)	Avvaiyar's Aathichudi maxim " " warns against the desire to eat beyond one's fill; the matching proverb about eating in moderation prolonging one's life carries the very same warning against overeating, unlike the other proverbs listed, which speak of health as a treasure in general, of remembering a benefactor's salt/hospitality, or of the value of water.
TA-47	2	A)	General Tamil - Arivu (Tamil GK)	The Chemical Laboratory attached to the Office of the Commissioner of Geology and

	?			Mining tests and analyses minerals, ores and mining materials, so its announced Rs.2-crore modernisation falls under the Department of Natural Resources (which oversees geology and mining), rather than under departments dealing with life-science education or general environmental protection, which handle unrelated subject matter.
TA-48	: (a) Bracings (b) Briquette (c) Cement (d) Veneer 1. 2. 3. 4.	A) (a)-3 (b)-4 (c)-1 (d)-2	General Tamil - Sollarivu (Vocabulary)	These are engineering/construction glossary terms with fixed Tamil technical equivalents: "Bracings" (diagonal support members) = kattuchattangal, "Briquette" (a compressed block of material) = katti, "Cement" = paignjadhai, and "Veneer" (a thin decorative surface layer) = melluRai, per the standard technical-term glossary.
TA-49	"Assailant" - .	A)	General Tamil - Sollarivu (Vocabulary)	"Assailant" in English refers to a person who physically attacks another; its Tamil equivalent is " " (one who attacks/strikes), not " " (which corresponds to the unrelated English word "assistant") or the other unrelated options.
TA-50	: (a) Arete (b) Arenaceous rock (c) Argillaceous rock	D) (a)-2 (b)-4 (c)-1 (d)-3	General Tamil - Sollarivu (Vocabulary)	These are geography/geology glossary terms with fixed Tamil equivalents: "Arete" (a sharp mountain ridge formed by glacial erosion) = kaththimunaik kunru, "Arenaceous rock" (sand-based rock) = manaR paaRai,

	(d) 1. 2. 3. 4.	Aplite			"Argillaceous rock" (clay-based rock) = kalimaN paaRai, and "Aplite" (a fine-grained intrusive granite-type rock) = idaiyaazh granite paaRai.
TA-51	.	D)	General Tamil - Ilakkiyam (Literature)		The genuine Thirukkural, from the chapter on not uttering useless words, reads " " (speak words that carry benefit; do not speak words that carry none). Option D alone preserves this correct word order, while the other options scramble or drop a word from the sequence. This is covered in Class 6 Tamil, Term 2, Unit 1, the Thirukkural lesson, which teaches this exact couplet.
TA-52	.	D)	General Tamil - Ilakkanam (Grammar)		(active voice) makes the doer of the action the (subject), while (passive voice) makes the receiver of the action the subject, typically formed with an auxiliary such as / added to the verb. In (Thai was celebrated), the month - which receives the action of being celebrated - is made the subject via the auxiliary , making it , unlike the other options where the doer of the action is the subject. This is covered in Class 9 Tamil, Unit 1, the lesson , which explains that , , function as passive-voice auxiliaries in

				constructions.
TA-53	- .	A)	General Tamil - Ilakkanam (Grammar)	describes an action the subject itself performs, without causing or making anyone else do it; describes an action the subject makes another person or thing perform (a causative). In (Gunavan walked), Gunavan himself performs the walking with no external agent causing it, so this is , unlike a causative form such as (made [someone] walk), which would be . This is covered in Class 9 Tamil, Unit 1, the lesson , which distinguishes from .
TA-54	.	C)	General Tamil - Ilakkanam (Grammar)	This again tests - number agreement: (monkeys, plural) correctly takes the plural verb (leapt), giving the grammatically correct . The other options mismatch number: (singular) is wrongly paired with the plural verb , and the intended correct sentence per the exam key is option C. This is covered in Class 9 Tamil, Unit 1, the lesson .
TA-55	: “ ”.	B)	General Tamil - Ilakkanam (Grammar)	Tamil finite verbs mark tense through a medial (infix) inserted between the verb root and the personal ending: marks (past), / marks (present), and marks (future). In , the infix - - clearly marks the ongoing present tense, so the sentence is in , not or

				. This is covered in Class 11 Tamil, Unit 3, the lesson , which states that , , are the three kaala-idainilai (tense infixes) that mark past, present and future tense in Tamil verb forms.
TA-56	, , .	A)	General Tamil - Sollarivu (Vocabulary)	In Tamil, the female of deer-family animals such as pulvaai, nakvi, and uzhai is specifically termed " ," which is distinct from " " (a young female calf/cow) and " " (the general term for a female bird such as a hen), which apply to other animal categories altogether.
TA-57	: , , , , . :	A)	General Tamil - Ilakkanam (Grammar)	, , , , are letters that give a word interrogative (question) force in Tamil; when they are used with a word to ask a question, standard punctuation requires a (question mark) after it, so the (assertion) is correct; and the (reason) that they are (question-forming words/letters) correctly explains why the question mark is needed, so both are true and the reason explains the assertion (A). This is covered in Class 11 Tamil, Unit 1, the lesson , which identifies and (among such interrogative sounds) explicitly as (question letters), the basis for this punctuation rule.
TA-58	?	D)	General Tamil - Ilakkanam (Grammar)	(brackets/parentheses) is the punctuation mark used to insert additional

				information or someone else's remark inside a sentence without disturbing its main flow, unlike (ellipsis, marking an omitted portion), (asterisk, marking a footnote reference), or (quotation marks, for reproducing another's exact words). This is covered in Class 11 Tamil, Unit 8, the lesson , which lists this bracket symbol () among the standard Tamil punctuation and proofreading marks.
TA-59	‘ ’ ?	D)	General Tamil - Mozhi Varalaru (Language History)	Devaneya Pavanar, a major 20th-century Tamil linguist and grammarian, used the term / to describe sentences built by drawing an (a comparison or analogy) between two ideas, rather than to describe a mere unrelated grouping of words or a plain statement of a word's meaning.
TA-60	‘ ’	C)	General Tamil - Sollarivu (Vocabulary)	" " is a classical/literary Tamil word meaning forest, distinct from river, side, and the more general word for land, which does not carry the specific sense of "forest."
TA-61	“ ” (-559)	B)	General Tamil - Sollarivu (Vocabulary)	In Thirukkural 559, the poet emphasises how massive and dangerous an elephant is, huge in body and sharp of tusk, yet it still cowers before a tiger's attack. The word " " ordinarily means "sharp," but in this line it carries the extended sense of abundance/excess, describing the sheer excess of the elephant's tusk-sharpness,

				unlike the words for its bulk, its having tusks, or the elephant itself, none of which convey "abundance."
TA-62	–	B)	General Tamil - Sollarivu (Vocabulary)	This figure, two or more words carrying the same meaning used together for emphasis, is exemplified by " " and " " which both mean "risen/elevated," unlike the other phrases, which combine a place-name with a verb, or a subject with its own verb, rather than two synonyms.
TA-63	: (a) (b) (c) (d) 1. , 2. , 3. , 4. ,	D) (a)-2 (b)-4 (c)-1 (d)-3	General Tamil - Sollarivu (Vocabulary)	Each of these words carries two distinct Tamil meanings: " " can mean "having become enraged, in anger," " " can mean "a swampy, uneven tract of land," " " means "to kill, to drag off forcibly," and " " means "discord, disagreement", giving the match (a)-2, (b)-4, (c)-1, (d)-3.
TA-64	–	B)	General Tamil - Sollarivu (Vocabulary)	" " is a worn-down, colloquially contracted form of the fuller place-name " ", the Tamil name for Udhagamandalam (Ooty) in the Nilgiris, the short everyday form having gradually eroded from the longer administrative name over time.
TA-65	.	B)	General Tamil - Ilakkanam (Grammar)	is a distant-demonstrative pronoun ('that'); in this sentence it needs to refer back to the noun phrase (the growth of

				language) mentioned just before it, and the exam key treats the grammatically correct form for this reference as its oblique/linking form rather than the plain form , since is the form used when the pronoun is grammatically bound to what follows it in the sentence. The other options, / , are near-demonstrative forms ('this'), which do not fit a reference to something already mentioned earlier in the sentence.
TA-66	_____ .	C)	General Tamil - Ilakkanam (Grammar)	is an (particle) that expresses a choice between two alternatives ('either...or',); in , it correctly signals uncertainty over whether the person has one house or two. (and) would wrongly add the two numbers together implying three houses, (not/no) gives negation, and is merely an emphatic particle, none of which fit the intended either-or sense. This is covered in Class 9 Tamil, Unit 5, the lesson - , which lists among the core Tamil (conjunctions/particles).
TA-67	(a) (b) (c) (d)	: C) (a)-3 (b)-1 (c)-4 (d)-2	General Tamil - Ilakkanam (Grammar)	A (case-ellipsis compound) is a phrase where a case-marker () and its meaning are implied rather than spoken: implies the 7th-case sense 'road at () the seashore', is a 3rd-case-marker phrase, implies the 4th-case

	1. 2. 3. 4.			sense 'a voice for () rights', and is a 'meaning-included' compound. Recognising which hidden case-ending and meaning fits each phrase is exactly what this matching question tests. This is covered in Class 8 Tamil, Unit 5, the lesson , which builds on the Unit 4 (case) lesson to teach exactly this classification of case-ellipsis compounds.
TA-68	: D) , ,		General Tamil - Sollarivu (Vocabulary)	In this "single letter as a whole word" category, the single letter " " by itself means Yama, the god of death, while " " means a bee or beetle, each single syllable carrying its own independent classical meaning distinct from the everyday words for mud or deer.
TA-69	- . D) (a)-4 (b)-3 (c)-1 (d)-2 (a) (b) (c) (d) 1. 2. 3. 4.		General Tamil - Sollarivu (Vocabulary)	These near-homophonous words, differing only in the nasal consonant, carry quite different meanings: " " means "she," " " means "to think/contemplate," " " means "in former/earlier times," and " " means "he who will say."
TA-70	 - (- 4)	D)	General Tamil - Ilakkanam (Grammar)	(a light/weak-u final, also called) is a final - /- /- sound pronounced for barely half its normal duration in classical Tamil verse; in , the word-final

	?			following the vowel-stem is exactly this shortened, weak u-sound, making the word carrying the in this line, unlike the other words quoted from the poem. This is covered in Class 11 Tamil, Unit 1, the lesson , which classifies finals by the consonant that precedes them.
TA-71	: . : , .	D)	General Tamil - Ilakkanam (Grammar)	(demonstrative letters ,) are also termed (intermediate/binding elements) because the same base letter yields a different demonstrative sense depending on how it is used within a word: an -based form typically points to something (distant/outside), while an -based form points to something (near/within), so their meaning is fixed only in combination with the rest of the word rather than standing independently.
TA-72	, , , , _____	B)	General Tamil - Ilakkanam (Grammar)	Classical Tamil recognises a three-way demonstrative system: -based forms for (near, e.g.), -based forms for (far, e.g.), and an intermediate -based set - , , , - for a distance between the two, called (intermediate demonstrative). These -forms are archaic and rarely used in modern Tamil compared to their - and - counterparts. This is covered in Class 11 Advanced Tamil, Unit 4, the lesson , which notes as a

				alongside / , though it has fallen out of present-day use.
TA-73	' ' .	A)	General Tamil - Ilakkanam (Grammar)	(a noun formed from a verb) is a finite verb form that takes on the nature of a noun and no longer needs to attach a case-suffix or a following noun; + (a negative verbal-noun suffix) gives (the act of not saying), directly making a noun from the root . This contrasts with (a negative verbal participle needing another verb to complete it) and / (relative participles that must qualify a following noun). This is covered in Class 10 Tamil, Unit 1, the lesson , which defines as a finite verb form that has come to function as a noun.
TA-74	" " – ?	D)	General Tamil - Ilakkanam (Grammar)	(participles) qualify a following noun; a clearly shows the verb root and its tense or negation while doing this, whereas a only implies a quality. (from the verb , 'to know') clearly and definitely conveys the negative action 'not knowing' while qualifying (boy), making it a rather than a or a tensed one. This is covered in Class 8 Tamil, Unit 3, the lesson , which defines using the parallel example (a letter that was written).
TA-75	' ' – .	C)	General Tamil - Ilakkanam (Grammar)	Unlike a , a does not derive from any verb root or show tense; it

				merely indicates a quality while qualifying a following noun. (small) does not come from a verb and shows no time - it only points to the quality of smallness in (a vessel), so it is a , not a tensed participle. This is covered in Class 8 Tamil, Unit 3, the lesson , which gives the almost identical example (a small letter) to define .
TA-76	.	D)	General Tamil - Sollarivu (Vocabulary)	" , " " , and " " are words Tamil borrowed from Portuguese or other non-English sources, whereas " " (a will/testament) comes directly from the English word "Will," making it the English-origin loanword among the four options.
TA-77	(a) (b) (c) (d) 1. 2. 3. 4.	: A) (a)-4 (b)-1 (c)-2 (d)-3	General Tamil - Sollarivu (Vocabulary)	" " (to approach) is opposed by " " (to move away); " " (doubt) is opposed by " " (clarity); " " (enthusiasm) is opposed by " " (weariness); and " " (truth) is opposed by " " (falsehood), giving the antonym match (a)-4, (b)-1, (c)-2, (d)-3.
TA-78		: A)	General Tamil - Sollarivu (Vocabulary)	" " ("our father," first person) has its grammatical counterpart in " " ("your father," second person), the pair distinguishing the speaker's father from the

				listener's father, a different distinction from the neutral, general word for father.
TA-79	.	D)	General Tamil - Ilakkanam (Grammar)	When a (verbal participle) ending in is immediately followed by an auxiliary verb such as (to go), the initial consonant of that auxiliary must double (); so + must be written with a doubled . Option D leaves the two words unlinked (), missing this required doubling, which is exactly the (error) the question asks the student to catch.
TA-80	(1) (2) (3) (4)	B) (2)	General Tamil - Ilakkiyam (Literature)	Thiruvalluvar's kural in the chapter on Having Love (Anbudaimai) states that the loveless keep everything for themselves alone, while the loving regard even their own body as belonging to others. The kural describes the loveless body merely as "flesh covered in bone and skin," not as a "lifeless corpse" as statement (2) claims, so it is statement (2) that misstates the kural's actual sense and is the incorrect one. This is covered in Class 6 Tamil, Term 1, Unit 2, the Thirukkural lesson.
TA-81	" " ?	C)	General Tamil - Ilakkiyam (Literature)	This line comes from a Thirukkural about dealing decisively with an early sign of harm or an enemy's growing strength: a threat that could still be checked "should not be let to pour on unchecked," meaning that a danger left unaddressed at the point it first appears will, in time, swell into much greater harm.

				Thiruvalluvar is thus pointing to the consequence, the trouble that eventually results from allowing a threat to overstep its bounds rather than being checked in time, which is why option C is the intended sense here.
TA-82	?	A)	General Tamil - Ilakkiyam (Literature)	This line teaches that the truest test (the measuring-rod) of genuine friendship is the trouble or hardship that comes our way, since it is precisely when we are in difficulty that a true friend's loyalty (as opposed to a fair-weather friend's) becomes visible; the other options describe the benefits or standing of friendship rather than the measure by which it is tested.
TA-83	[A] : [R] : ,	A) [A] ; [R] , [R] [A]	General Tamil - Ilakkiyam (Literature)	Arunagirinathar's Thiruppugazh hymns are known to record many contemporary Tamil folk musical and dance forms, so Assertion (A), that he documented the thappaattam drum rhythm, is true. However, Reason (R), about dancers painting tiger-like black-and-yellow stripes on themselves to display valour, is not actually why Thiruppugazh records this rhythm: thappaattam is a folk dance performed to the beat of the thappu (a parai-type frame drum), and its connection to Thiruppugazh lies in the drum's rhythm and music, not in body-painting. Hence R, even if true on its own, is not the correct explanation

				of A. This is covered in Class 8 Tamil, Term 0, Unit 5, "Thamizhar Isaikkaruvigal" (Tamil Musical Instruments), which explains the thappu drum and thappaattam.
TA-84	(1) , , , (2) , , , (3) , , , (4) , , ,	D) (4)	General Tamil - Mozhi Varalaru (Language History)	The Dravidian language family is classified geographically into South, South-Central and North Dravidian branches; per this question's exam key, , , , are grouped together as (South Dravidian languages), whereas the other options mix in languages that belong to different sub-branches of the family. This is covered in Class 9 Tamil, Unit 1, the lesson , which introduces this classification of Dravidian languages and lists related languages such as Kodagu () as belonging to this family.
TA-85	(i) 1949 (ii) (iii)	D) (i) (iii)	General Tamil - Aasiriyar Nool (Author and Work)	Statement (i) is true: Kannadasan began his career as a film lyricist in 1949 with the song . Statement (iii) is also true: he is honoured with the title (King of Poets). Statement (ii) is false, since his Sahitya Akademi Award-winning work was actually , not (which he also wrote, but which did not win that award) - so only (i) and (iii) are correct. This is covered in Class 7 Tamil, Term 3, Unit 3, the lesson , which introduces Kannadasan (born Muthiah) and notes he is known by the title .

TA-86	:	A) , , ,	General Tamil - Arivu (Tamil GK)	Velu Nachiyar, the Queen of Sivaganga remembered for organising armed resistance against the British and the Nawab of Arcot in the 18th century, is recorded as a multilingual ruler fluent in Tamil, English, Urdu and Persian, reflecting the diplomatic exposure a princely court of that period required, including, by tradition, being able to converse directly in Urdu with allies such as Hyder Ali of Mysore.
TA-87	"EVILDOER"	C)	General Tamil - Sollarivu (Vocabulary)	"Evildoer" means one who commits wrongdoing or causes harm; its Tamil equivalent given here is " " (one who ruins/corrupts, does evil), distinguishing it from the word for a wise/learned person ("intellectual") and the other unrelated options.
TA-88	'Omniscient'	D)	General Tamil - Sollarivu (Vocabulary)	'Omniscient' means all-knowing; its Tamil equivalent here is "the state of knowing everything", the direct opposite of "ignorant, knowing nothing."
TA-89	— .	C) Review Petition	General Tamil - Sollarivu (Vocabulary)	A petition asking a court to reconsider a judgment it has already delivered is, in English legal usage, a "Review Petition", distinct from a "Writ Petition" (seeking a constitutional remedy from a High Court/Supreme Court), a "Habeas Corpus" petition (seeking production of a detained person before the court), or a "Revision

				Petition" (a different, appellate form of review).
TA-90	: A) (a)-4 (b)-3 (c)-2 (d)-1 (a) (b) (c) (d) 1. 2. 3. 4.		General Tamil - Sollarivu (Vocabulary)	These Tamil idiomatic comparisons each carry a fixed figurative meaning: "like a mendicant building a monastery" means a plan that never materialises; "like tamarind dissolved in a river" means a wasted, fruitless effort; "like a bear seeing the crescent moon" means something exceedingly rare; and "like a hollow, empty bush" means something that is all outward show with no substance.
TA-91	" " :	D)	General Tamil - Sollarivu (Vocabulary)	"Like writing on water" is a Tamil idiom describing anything that vanishes as quickly as it is made, and so it denotes impermanence, a state that does not last, the opposite of stability or firmness.
TA-92	: A) (a)-3 (b)-4 (c)-1 (d)-2 (a) (b) (c) (d) 1. 2. 3. 4.		General Tamil - Sollarivu (Vocabulary)	These fixed Tamil idioms each carry a set meaning: "a mirage" means something illusory, unattainable; "to reach the shore" means to recover from a difficulty; "to wash one's hands (of something)" means to give up/disown a matter entirely; and "a monkey's grip" means to hold on with a firm, unyielding grasp.
TA-93	' '	B)	General Tamil - Sollarivu (Vocabulary)	The Tamil idiom "to give a myrobalan fruit" means to deceive or cheat someone through smooth, evasive talk, rather than to contradict

				what was said, interrupt, or behave stubbornly, which are the senses of the other options.
TA-94	" , " . (a) . (b) . (c) . (d) .	A) (b), (c), (d) -	General Tamil - Sollarivu (Vocabulary)	The proverb about "one who has spoiled manure" and "a mother who has just given birth" both needing only kadukkai (myrobalan fruit) is a folk-medicine saying rather than an agricultural one: it refers to someone suffering from constipation (statement b); kadukkai (terminalia chebula fruit) is indeed a well-known Siddha-medicine remedy for constipation (statement c); and the same remedy is said to help a new mother as well (statement d), since the proverb is about health rather than farming, statement (a) is false, and only (b), (c), and (d) are correct.
TA-95	, : : , ' - XVI , .	C)	General Tamil - Arivu (Tamil GK)	The passage describes an office register meant specifically to record important letters and memoranda received from the government, to be kept as a separate ledger (in Appendix "A"-XVI form), maintained by an assistant, and periodically placed before the Collector when in headquarters. Since its defining purpose is filing away significant incoming correspondence, not logging staff attendance (as an attendance register would) or storing duplicate copies (as a duplicate-copy register would), it is correctly identified as the Special Register of Correspondence.

TA-96	"Abulomania" :	D)	General Tamil - Sollarivu (Vocabulary)	'Abulomania' denotes a pathological inability to make decisions, a mental/psychological disorder, for which the Tamil medical-glossary equivalent given here is "a disorder of the mind" (manadhoy), distinguishing it from unrelated glossary terms such as "a deep pit" or "parasite-like."
TA-97	: (a) Nautical mile (b) Natric horizon (c) Narbonnaise (d) Nalad 1. 2. 3. 1852 4.	A) (a)-3 (b)-1 (c)-4 (d)-2	General Tamil - Sollarivu (Vocabulary)	These are technical/geography glossary terms with fixed equivalents: "Nautical mile" (the unit of distance used at sea) = 1852 metres, "Natric horizon" (a soil-science term for a sodium-rich clay layer) = a sand/soil boundary term, "Narbonnaise" = a rain-storm-wind term, and "Nalad" (a moon of Neptune) = Neptune's satellite.
TA-98	: (a) Nanotechnology (b) Biotechnology (c) Spacetechnology (d) Intellectual 1. 2. 3. 4.	A) (a)-4 (b)-3 (c)-2 (d)-1	General Tamil - Sollarivu (Vocabulary)	These are standard science/technology glossary terms: "Nanotechnology" = meenuN thozhilnutpam, "Biotechnology" = uyirith thozhilnutpam, "Space technology" = vinveli thozhilnutpam, and "Intellectual" = aRivaaLar.
TA-99	'Presbyoesophagus' .	B)	General Tamil - Sollarivu (Vocabulary)	"Presbyoesophagus" is a medical term for the age-related loss of normal motility/function in

				the oesophagus (food pipe) in elderly people; the Tamil glossary equivalent given here describes "the food-pipe becoming weakened/slack" with age, distinguishing it from unrelated glossary terms relating to vision or to fever.
TA-100	: (a) Barter (b) Bargaining (c) Bad debt (d) Acquiree 1. 2. 3. 4.	C) (a)-2 (b)-4 (c)-1 (d)-3	General Tamil - Sollarivu (Vocabulary)	These are commerce/business-management glossary terms: "Barter" (exchange of goods without money) = paNdamaatru, "Bargaining" (negotiating a price) = peram pesudhal, "Bad debt" (an unrecoverable debt) = vaaraak kadan, and "Acquiree" (a company that is taken over) = kaippatrappatta nirvanam.
